

"BankUnited is the largest bank in the state of Florida and we're proud to call Miami Lakes home. Close to the airport, in a central area, it's a smart location for our business headquarters. And with robust surrounding neighborhoods, it's a wonderful choice for employees – for living, working and commuting. Thanks to our tremendous relationship with the Town of Miami Lakes, we've easily enlarged our footprint, adding 400 employees since 2009. Choosing Miami Lakes was a great investment, and we're counting on watching it grow."

"In 1997, with only a handful of people, Inktel was founded here in Miami Lakes. Since then, we've opened offices throughout the United States and we've grown to employ 400 people locally. With its diverse local labor pool, great schools, fabulous restaurants, beautiful parks, and convenient access to airports and highways, Miami Lakes is a town that truly understands the meaning of customer service."
