Re: RFP 2016-47 State Lobbying Services

Dear Mr. Rey:

Please accept this proposal from Southern Strategy Group in response to the Town of Miami Lakes' (Town) RFP 2016-47 for State Lobbying Services. In this proposal, Southern Strategy Group offers to continue to provide the highest level of government relations services in the areas of general executive and legislative branch support, as well as budget appropriations for the Town.

Southern Strategy Group is a full-service lobbying firm that was established in 1999 in Tallahassee, Florida. With offices in Tallahassee, Jacksonville, Orlando, Tampa Bay, and Miami, Southern Strategy Group has the largest lobbying practice in the state and has been referred to as "the most powerful lobbying firm in Florida" by the *St. Petersburg Times*. Due to our long history of service to government entities, Southern Strategy Group has the experience and expertise to transform the Town's priorities into delivered results.

Southern Strategy Group is the one firm in Florida where every lobbyist has held the highest elected and staff positions in the executive and legislative branches of Florida government, who understand how and why decisions are made at every level of Florida government, and who use that knowledge and those relationships to steer the complex governmental machine for the benefit of our clients

With the expertise and depth of our firm's partners, Southern Strategy Group has unmatched qualifications to assist the Town in navigating the complexities of securing specific budget priorities, crafting strategies to achieve success in the passage or defeat of critical legislation, and engaging with the executive and regulatory agencies who are vital in the implementation of appropriations or regulatory rule-making. Southern Strategy Group is honored to have served as your advocate since 2013 and is eager to continue providing you with reliable representation and strategic direction to navigate the political landscape in every arena of Florida government.

Along with my partner, Nelson Diaz, and Eduardo Gonzalez of Sun City Strategies, LLC, we would all serve as the project managers for this contract. I may be reached via telephone at 305.333.0649 or email at castro@sostrategy.com. Nelson may be reached via telephone at 305.490.3414 or email at diaz@sostrategy.com. Eddy may be reached via telephone at 786.351.5849 or via email at egonzalez102@yahoo.com. This team would be available to support the Town at all times before the legislative and executive branches of Florida government. Our Miami office is located in Coral Gables and is located in Miami-Dade County, which meets the Town's Ordinance No. 09-115 for local vendor preference. The Local Vendor Preference Certification, Miami-Dade County Business Tax Receipt, and Coral Gables Certificate of Use are included in section 5, Required Forms. Our Tallahassee office is located one block from the State capitol at 123 S. Adams Street, Tallahassee, FL 32301. All of the partners at Southern Strategy Group will work hard to deliver results for the Town. Our team of more than 20 lobbyists will leverage our experience and relationships, serving as an extension of your team to coordinate and advance the Town's priorities with the appropriate government officials.

You have our commitment to represent the Town of Miami Lakes in the most reliable and ethical manner available in the market. We sincerely hope this proposal exceeds your expectations, and we hope to continue our track record of successfully brining funding to the Town.

TAB 2: FIRM QUALIFICATIONS

2. DESCRIBE FIRM'S QUALIFICATIONS FOR PROVIDING STATE LEGISLATIVE LOBBYING SERVICES

a. The overall capabilities, qualifications, training and areas of expertise for each of the partners/principals and associates that may be assigned to work with the Town, including but not limited to:

Southern Strategy Group was founded more than 17 years ago, and in that time has built a team of lobbyists who can confront and overcome the challenges of a huge, complex, and rapidly changing state government. Southern Strategy Group has assembled a large team of seasoned professionals—most of them drawn from the highest ranks of state and local government and politics—who are steeped in a tradition of client service and effective advocacy.

Southern Strategy Group is a lobbying firm, period. Unlike a law firm with a subordinate lobbying component, <u>Southern Strategy Group dedicates its entire focus to doing one thing exceedingly well: lobbying</u>. Unlike lobbying firms built around a single dominant lobbyist, the power of Southern Strategy Group is the depth of experience and skill found in each member of its large lobbying team. The team's area of expertise extends to transportation, land use planning and environmental permitting, rules and appointments, utilities, economic development, energy, healthcare, education, telecommunications, public safety and law enforcement, legislative appropriations, taxation, insurance, and many other substantive specialty areas.

With offices located throughout Florida in Tallahassee, Jacksonville, Orlando, Tampa Bay, and Miami, Southern Strategy Group has a statewide presence that is unmatched. The Southern Strategy Group lobbying team is also one of the largest lobbying teams in Florida; more than 20 lobbyists could be rapidly deployed to advance the interests of the Town at any given time. Southern Strategy Group has a large permanent contingent in Tallahassee and with its four regional offices, it also has the ability to lobby legislators in their home districts. This is a critical component to any successful legislative lobbying strategy.

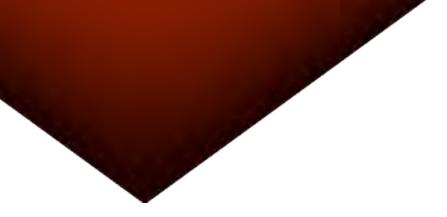

Our Miami office founded in 2009, has two full-time lobbyists and one full-time office administrator and is located in Miami-Dade County. The Miami team will continue to serve as the main point of contact for the Town, but the Town will also have access to Southern Strategy Group's entire Florida team and full-time support staff when needed.

Southern Strategy Group's lobbyists encompass the values of hard work, subject matter expertise, and dedication to all our clients, no matter how big or small. We treat all clients with the commitment and loyalty they should expect when hiring a lobbying firm. Southern Strategy Group believes strongly that <u>our clients' success is our success</u> and we accept <u>nothing short of victory</u> in achieving our clients' goals. The broad themes that characterize Southern Strategy Group's project approach are communication, teamwork, and an objective measure for success.

The experience and qualifications of Southern Strategy Group are unmatched. Southern Strategy Group has been lobbying for clients for almost two decades. With the combined resources of a former Attorney General, two former agency heads, a former Director of the Governor's Office of Policy and Budget, several agency chief of staffs, and other former high-level senior staffers, <u>Southern Strategy Group offers the most highly</u> experienced and well-connected team in Florida.

Although the Town will have the support of all of our lobbyists, the key staff and main points of contact will be Edgar Castro and Nelson Diaz. Both based in our Miami office, Edgar and Nelson have over 25 years of lobbying experience at the state and municipal level. **Edgar Castro** served as an Aide in the Governor's office and as a Legislative Assistant in the Florida House of Representatives prior to joining the private sector. As an Aide, Edgar gained valuable experience understanding the intricacies of government and how to effectively pass and sometimes defeat legislation. **Nelson Diaz** served as Chief Legislative Aide to then State Representative Marco Rubio for several years where he gained significant substantive knowledge in the appropriations process. Based in Southern Strategy Group's Tallahassee office, **Jerry McDaniel** will also serve on the team for the Town. Jerry served for 37 years in state government, the last seven of which he served as the Budget Director for both Governors Charlie Crist and Rick Scott.

Our success in the past speaks for itself. Southern Strategy Group helped secure over \$200,000,000 in appropriations during the 2016 Legislative Session with less than a 10% veto rate for our clients. This amount represents dedicated work on 92 appropriation items either sustained or added new to the State of Florida's 2016-17 budget on behalf of clients. Additionally, Southern Strategy Group was equally successful in the policy arena. Since being retained for the Town of Miami Lakes, we have helped secure \$1.6 million in funding for water and drainage projects. Our lobbying success, demonstrated year over year, is the result of an army of lobbyists with exceptional relationships across Florida government in both parties, coupled with great communication with our clients and a deep subject matter expertise that crosses over all industries and subject areas.

The greatest validation of the merits of our unique approach is the size of Southern Strategy Group's client base. When a client, much like the Town in this case, can choose to hire any lobbying firm, Southern Strategy Group is very often the lobbying firm that is selected. Southern Strategy Group has the largest number of clients of any lobbying firm in Florida, and the firm fosters a culture of client service that has allowed it to build this large client base while offering clients the attention and responsiveness they deserve. Although the client base is large, so is the number of lobbyists servicing that base, and the lobbyist-to-client ratio compares very favorably to other lobbying firms. Southern Strategy Group's clients can expect and will receive a high level of individualized attention and rapid responses to every inquiry or emerging issue. This is the quality of service the Town should expect from its lobbyists, and it is the level of service Southern Strategy Group will deliver.

Southern Strategy Group proposes to advocate on behalf of the Town before the executive and legislative branches of Florida government regarding such legislative and appropriations matters as the Mayor and Town Council deem necessary and appropriate. The Town will be directly impacted by the decisions made by legislators from all over the state and the Governor. As professional advocates, Southern Strategy Group stands ready to protect and assist the Town with its needs. In addition, as part of our scope of service, we will provide electronic documents and correspondence on a regular basis, relevant newspaper articles, analyses, and important governmental announcements.

Our scope of service will include, but not be limited to, the following:

- Work closely with Town Manager or designated representative to determine what proposed legislation affects the Town and monitor said proposed legislation, keeping Town staff constantly updated;
- Work with the Town Council and staff to determine budget priorities for the Town and attempt to secure state funding for said priorities;
- Provide timely written communications to the Town Manager or his designee;
- Work closely with the Town Council and staff to develop a legislative agenda and propose any necessary legislation, securing sponsors therefor;
- Communicate legislative and executive actions, opportunities, or initiatives of relevance to the Town;
- Other initiatives consistent with the Town's policies and priorities as directed; and
- Advise when the Town's leadership and/or staff may be required in person in Tallahassee to address issues of particular interest to the Town and prepare backup information for these sessions.

In addition to the more than 20 member lobbying team at Southern Strategy Group, the Town team will also be supported by Sun City Strategies. The Sun City Strategies team, led by **Former State Representative Eduardo Gonzalez**, will provide an added benefit as Eduardo has spent his eight years in office, focusing mainly on local government issues.

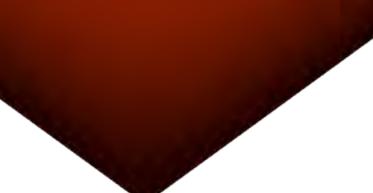

i. Provide a list of individual(s) who will be providing the Services required under the Agreement and indicate the function that each will perform. Include a biography for each designated individual. List all circumstances in which the Town would be working with someone not designated.

To ensure effective representation on behalf of our clients, Southern Strategy Group has found it useful to use a team approach drawing on partners whose expertise would best assure success on your behalf. As with any good organization, our greatest strength, and your best assurance of our successful service on behalf of the Town, resides in the team that we will assemble to represent your interests. Although different members of the team may take the lead on various projects, each of the team members will be knowledgeable of the Town's objectives.

Southern Strategy Group proposes Edgar Castro and Nelson Diaz will be key staff and your primary points of contacts for the Town, with Edgar Castro managing all interactions with the Mayor and Town Manager. As mentioned previously, the partners at Southern Strategy Group will serve as support when needed (most notably, Jerry McDaniel). Southern Strategy Group will team with Sun City Strategies, led by former Florida State Legislator Eduardo Gonzalez, to assist in the Town's representation. There are no foreseen circumstances where the Town will be working directly with anyone other than the professionals listed above.

The current annual state budget is more than \$80 billion. Mr. McDaniel headed the Governor's Office of Policy and Budget and had close daily interaction with both governors on critical and sensitive issues. In that role, Mr. McDaniel also built deep and lasting relationships with legislators and their staff.

Eduardo Gonzalez - Eduardo Gonzalez is a graduate of Miami Dade College, where he received his degree in Business Management and Administration. In 1998, Mr. Gonzalez served on the City of Hialeah's water and sewer board. Mr. Gonzalez was appointed as Councilmember to the City of Hialeah in 1998. Mr. Gonzalez then was elected in 1999 and was reelected subsequently until 2006. It is proposed that Edgar Castro will serve as the manager/team leader for the Town of Miami Lakes.

iii. Where a Team is submitting the Proposal documentation must be submitted with the Proposal to substantiate the creation of the Team.

The team we have assembled for the Town is second to none. Southern Strategy has been successful for the Town during the past three years. 2016 Legislative Report

Southern Strategy Group (SSG) proudly engaged in a myriad of issues during the 2016 Legislative

Session on behalf of _______. We are extremely pleased with the results and have enjoyed working with the ________ team.

DJJ Facilities Study - NEXT SESSION

Worked early on securing a study of DJJ facilities due to condition of infrastructure in Due to the cost for OPPAGA or for the Department to conduct, it was determined to defer this initiative for a year.

Prescription Drug Monitoring Program - SUCCESS

SSG was asked to support recurring state funding for the **Prescription Drug Monitoring Program**. We were successful in our efforts to secure \$500,000 in recurring funds. We worked with Bob MacDonald, Executive Director of the Florida PDMP Foundation and coordinated our efforts with the Legislative Affairs Director for the Department of Health. We have confirmed with the agency the funding is in the base budget for DOH.

Florida Coalition for the Homeless - SUCCESS

In coordination with Adams Street Advocates (ASA), SSG successfully worked to secure \$3M in funding for the **Florida Coalition for the Homeless**. We met jointly with Staff through the process and assisted where needed.

Lab issue – NEXT SESSION

We also worked with ASA on the Lab issue. This matter arose late in Session and it was ultimately decided by the staff to postpone efforts until next year. In the interim, it

will be important to fully develop the issue and decide if more funding should be requested for the Lab or if a study should be sought that looks at the funding for labs throughout the whole state. We look forward to continuing to work on this.

Maximum Millage Rates – SUCCESS

Ad Valorem Taxation - SUCCESS

SSG was assigned SB 766 by Senator Flores (HB 499 by Representative Avila) relating to Ad Valorem Taxation. Supported the Senate version because it did not change the composition of the VAB. SSG met with Senator Flores with the team on several occasions to express support for the Senate bill and to discuss the issues of the House bill. We also met with Representative Avila on numerous occasions and strongly encourage him to take the Senate version. In the end, we were successful in our efforts. The House bill passed and was sent to the Senate where Senator Flores amended the bill removing the unfavorable composition language and sent it back to the House. The bill passed both chambers and was signed into law by the Governor March 25th.

SSG was consistently available at all times and at any hour throughout the 2016 Legislative Session to support and assist the team as needed. For example, the evening before the final Senate Appropriations meeting where the Tax Package was scheduled to be taken up, an

staff of the unfavorable amendment, and immediately began working on a strategy. We communicated with the team and were available to help at all times. Later, an amendment was filed to the bill which we knew would be adopted. Because of this, Senator Gaetz's amendment was ruled out of order and had to be withdrawn. We caught this immediately and notified the team which resolved the issue.

In the final days of Session, an amendment by Senator Stargel was filed to the Tax Package, HB 7099, which was going to be heard that day on the Senator Floor. The same unfavorable language relating to the **Tourist Development Tax** was again being proposed. We were able to successfully and quickly mitigate the situation with the help of Senators Flores and Latvala. The amendment was withdrawn from consideration on the Senate floor. We notified the immediately that it would be withdrawn from consideration.

ii. Describe your firm's existing relationship(s) with State of Florida Local Legislative Delegation and with other key legislators and support staff.

Recognized as a bipartisan firm, the partners and personnel of Southern Strategy Group are drawn from both political parties and have among them close working relations with key legislators and staff on both sides of the aisle.

Southern Strategy Group's relationships with key officials in both the legislative and executive branches, as well as in both parties, is unrivaled. Our team constantly analyzes its relationships with public officials; the size and experience of the team allow it to continually build and improve relationships with the ever-changing cast of state leaders and workers who create and implement public policy. Clearly, the support of the Broward County Legislative delegation is important to the Town. However, with a state as large as Florida, the Town is going to need a team of lobbyists with strong relationships from around the entire state. With four local offices throughout Florida, and our strong presence in Tallahassee, there is virtually no decision-maker that a Southern Strategy Group lobbyist cannot reach at a moment's notice.

A good lobbyist can open doors, but great lobbyists can open doors and intelligently discuss the issues that matter to the client with the right people. In today's fast-paced world, the ability to discuss the issues quickly and intelligently is critical. Subject matter

expertise is just as important as the relationships required to open doors. Being able to articulate the Town's position and to discuss issues with key decision-makers and staff is critical.

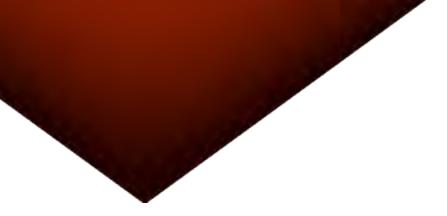

The result is that if a client needs to quickly meet with a public official, there is virtually no person in state government who cannot be quickly reached by a Southern Strategy Group lobbyist. And once reached, the Southern Strategy Group lobbying team has the skill and expertise to forcefully and effectively advocate on behalf of clients. The firm's web of connections extends from top elected officials to technicians and managers deep within the agencies.

Southern Strategy Group will continue to make it a priority to maintain good working relationships on the Town's behalf with the entire Florida Delegation. Likewise, the team assembled to represent the Town, has a great relationship with the Miami-Dade Delegation, which includes: Senators Rene Garcia (R) and Anitere Flores (R), Miguel Diaz de la Portilla (R) and Oscar Braynon (D) and Representatives: Speaker Designate Jose R. Oliva (R), Manny Diaz, Jr.(R), Chairman Jose Felix Diaz (R), Chairwoman Jeanette Nunez (R), Bryan Avila (R), David Richardson (D) and Jose Javier Rodriguez (D). Your Miami-Dade Delegation will provide a strong base of support for implementing your Florida Legislative Agenda. In addition to a strong relationship with the Miami-Dade Legislative Delegation, Southern Strategy Group has solid working relationships with key chairmen, ranking members, and committee staff.

Southern Strategy Group has worked with leadership and senior staff of many of the legislative committees. These long-standing relationships based on professionalism and mutual respect enable us to "stay ahead" of developments that might be a priority to our clients. These relationships allow us an opportunity to provide input while legislative initiatives are in their earliest evolutionary stages.

Through our representation of clients throughout Florida, Southern Strategy Group is capable of promoting the Town's initiatives to other key leaders in Tallahassee who are not from South Florida. Perhaps most importantly, the firm is well acquainted with key committee chairmen and ranking members of the Legislature who will be instrumental in

achieving the goals of the Town, such as those that chair the House Appropriations Committee, Economic Affairs Committee, Education Committee, Local & Federal Affairs Committee, and Regulatory Affairs Committee as well as the Senate Agriculture, Appropriations, Communications, Energy, Public Utilities, Criminal Justice, Regulated Industries and Transportation committees. Each of these Committees play a critical role in legislation affecting public entities and our familiarity with these Committee members and their staff will be beneficial in advocating on behalf of the Town's priorities.

Due to the sheer size of Southern Strategy Group, the number of lobbyists we have and the incredible work ethic of our team, Southern Strategy Group has great relationships with just about every elected official and high-level staff in Tallahassee.

During Eduardo Gonzalez's eight year tenure in the Florida Legislature, he served on numerous committees and was Chair of the House Local and Federal Affairs Committee. Because Mr. Gonzalez was term limited only two years ago, many of Mr. Gonzalez's colleagues are still serving in the legislature today. As a former Chairman of the Miami-Dade Delegation, Mr. Gonzalez understand the issues that effect the region and having served with many of the current Dade Delegation members still in office today, he has a unique understanding of the legislative process.

iii. Describe the scope and extent of any specialized expertise in any area or issue, including but not limited to Transportation, Human Services, State Budget/appropriations, Land Use, Public Safety, Water Resources, Environment, general Urban Issues, Education and Children, etc. Identify current or past public entity client for which you have provided such services with examples.

Due to the fact that every member of the Southern Strategy Group firm has served in government, our expertise is evident. Some of our lobbyists served as aides enabling them to familiarize themselves with a gambit of issues while others served as agency heads or executive directors giving them subject matter expertise. The infographic on the following page includes the areas of expertise, former positions held, and the overall experience of our Florida team that will be available to the Town to advance its priorities.

Our team has several characteristics that set us apart from other organizations such as:

- long standing relationships with decision-makers on a local and state level;
- · we possess issue and process knowledge;
- we are methodical at the daily tactics necessary for success as set forth herein; and
- we achieve success as demonstrated by our extensive list of clients and our track record of successful awards/funding acquisition for municipal agencies, counties and clients with the same or similar services as the Town.

TALLAHASSEE

Southern Strategy Group has the ability to interface with the legislators year round, formally during committee week and session. The strength of having full-time offices, staffed with exceptional lobbyists, both locally and in Tallahassee enhances our ability to communicate with our legislators.

Sun City Strategies also brings a plethora of expertise. Having dedicated his career to public service and serving on the House Appropriations Committee, Former State Representative Eduardo Gonzalez is a tactician when it comes to identifying sources for local funding.

Examples of recent successes include:

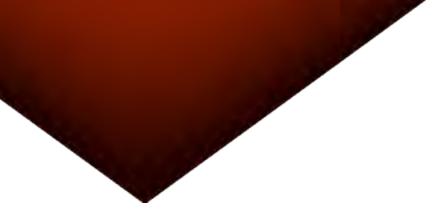

Broward County

2016: Southern Strategy Group secured \$1,000,000 in additional funding for Homeless Coalitions across the state. Southern Strategy Group passed a bill to amend various provisions of the Value Adjustment Board process. Southern Strategy Group amended unfavorable language for a bill imposing new requirements on taxing authorities for posting information on their websites.

City of Miami Beach

2016: Southern Strategy Group secured \$250,000 in funds for Miami Beach for new 20 inch ductile iron pipe water distribution main on SR907/Alton Rd. from Michigan Ave. to North Bay Rd. Southern Strategy Group passed priority legislation for Miami Beach that will prohibit boaters from anchoring overnight in newly designated zones in Miami-Dade and Broward counties.

2015: Southern Strategy Group worked to defeat the passage of the single sex bathroom facilities bill and passed the civil citation bill allowing police officers the flexibility of issuing civil citations for minor offenses, reducing the cost on local governments of incarcerating non-violent minor offenders. Southern Strategy Group also secured appropriations funding for a storm water project and a transportation project – two of the most fundamental problems, which plague tourism in the Miami Beach area. Additionally, groundwork was laid for revisions to the Miami-Dade Metropolitan Planning Organization law. Southern Strategy Group provided advocacy in committee meetings, both pro and con, for a variety of legislation that would affect the City, including utility easements, near shore anchoring of vessels, abandoned vessels, and more.

City of South Miami

2015: Southern Strategy Group represented the City of South Miami before the Florida Cabinet sitting as the Transmission Line Siting Board, regarding the determination of Florida Power & Light's proposed transmission line corridor through Miami-Dade County

Miami Downtown Development Authority

2016: Southern Strategy Group secured funding for a recreational corridor for walking, running and bicycling in Downtown Miami. Southern Strategy Group passed legislation that will help the court system address issues with criminal defendants who have mental illness

2015: Southern Strategy Group passed controversial legislation clarifying their legal authority to levy ad valorem taxes in the city of Miami; secured hundreds of thousands of dollars over the last two years that we have represented them for mental health and homelessness.

Town of Medley

2016: Southern Strategy Group secured \$600,000 for seawall repair. The seawall will provide a solid barrier between the water body and land that will protect property and roadway. This protection will function to prevent erosion and other hazards.

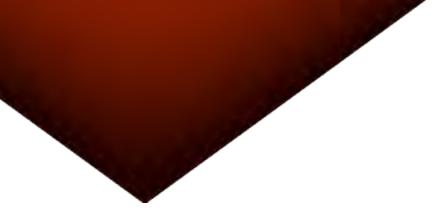

Town of Miami Lakes

2015: Southern Strategy Group was retained to be proactive in monitoring, taking positions, and lobbying on state budgeting and legislation, which impacts the Town, particularly in the areas of public safety, law enforcement, business attraction and retention, infrastructure improvements, telecommunications, transportation, environment, park development, park land acquisition, revenue enhancement, and unfunded mandates. Southern Strategy Group secured \$300,000 in funding for Lake Sarah drainage improvements.

2014: Southern Strategy Group secured \$1.3 million in funding during 2014 Legislative Session for water, flooding, and canal bank stabilization program.

Town of Southwest Ranches

2016: Southern Strategy Group secured \$300,000 to install additional guardrail between the road and the canal bank from SW 142nd Avenue to SW 148th Avenue and between SW 136th Avenue to the 12600 block of Stirling Road (approximately 4,200 linear feet total.) Southern Strategy Group defeated legislation that would preempt local government banning the practice of fracking.

2015: Southern Strategy Group secured several million dollars for local road and water projects for this rural town in Broward County. Southern Strategy Group also defended against attempts by neighboring cities to change the rural lifestyle of the Town, and defeated legislation that the Town felt could harm them.

2014: Southern Strategy Group secured \$1,246,446 in funding during the legislative session for drainage, road, and guardrail projects. Southern Strategy Group was responsible for approximately \$10 million in enhanced funding.

Village of El Portal

2016: Southern Strategy Group secured \$200,000 in funding for drainage improvements to address water quantity and quality issues which will serve a 42 acre section within the Village of El Portal in Miami-Dade County.

2015: Southern Strategy Group secured supplemental funding for police department.

iv. Provide suggestions for funding and policy areas that may be beneficial for the Town to pursue.

Having represented the Town for the past several years, Southern Strategy Group understands how important state funding has been for the Town's growth. In recent canal vears. the focus has been on stabilization, water projects. transportation. Southern Strategy Group will continue to provide our expertise and institutional knowledge before the House and Senate Agriculture and Natural Resources Appropriations Subcommittee, House and Senate Transportation and Transportation Appropriations Committees, and the full Appropriations Committee in the House and Senate. In addition to infrastructure and water projects, Southern Strategy Group will continue to work with the Appropriations Subcommittee on Health and Human Services to fund programs for the elderly.

As we have done in the past for the Town, Southern Strategy Group will work on ensuring no unfunded mandates are passed down to the Town and focus on legislative initiatives that are not only good public policy but save the Town from wasteful spending. Southern Strategy Group was successful in 2014 of passing comprehensive water supply language that resulted in cost savings to the Town.

In addition to advancing policy, Southern Strategy Group will assist in bill drafting, statute development, monitoring and defeating legislation, creating a legislative plan. and assisting with grant applications.

The same government relations principles and relationships that apply to all of our successes in passing/defeating legislation and the capturing of hundreds of millions of dollars in appropriations would also apply to our efforts on behalf of the Town.
