

Town of Miami Lakes Memorandum

To: Honorable Mayor & Councilmembers
From: Honorable Councilmember Josh Dieguez
Subject: Resolution Opposing Proposed County Bond
Date: February 13, 2024

Recommendation:

Although all members of the Town Council have all supported bond issuances for parks and infrastructure at one point or another, I believe the lack of details associated with the proposed bond, the timing of the proposal in an environment of high consumer prices, and the County's deficient management record (gas tax certification, unintended free fares, airport maintenance and repair deficiencies, etc.) are all bases to voice opposition to the proposed plan. Accordingly, I propose we pass a resolution stating the Town of Miami Lakes's position against the proposed county bond.
