

Town of Miami Lakes Memorandum

To: Honorable Mayor & Councilmembers

From: Edward Pidermann, Town Manager

Subject: Approval of Work Orders for Professional Engineering Services to CALTRAN Engineering Group, Inc. for NW 154 Street and Palmetto Expressway Turn Lanes Project

Date: October 8, 2024

Recommendation:

It is recommended that the Town Council authorize the Town Manager to execute a work order with CALTRAN Engineering Group, Inc. ("CALTRAN") for professional engineering services in an amount of \$29,912.54 under existing Contract 2021-43 for Civil Engineering and Related Services, not to exceed budgeted funds. This work order will be funded by revenues from a state appropriations grant.

Background:

On September 14, 2021, the Town Council adopted Resolution No. 21-1776 setting forth legislative priorities for fiscal year 2022-2023; authorizing Town Manager or his designee to pursue funding for legislative priorities.

On July 21, 2022 the Town received notification of the award of \$400,000.00 for the design/permitting, construction, and Inspection of the Miami Lakes Dr/NW 154 ST and Palmetto Expressway Turn Lanes Project.

Town Staff and CALTRAN negotiated the scope of work and fee for CEI services. For the above stated reasons, it is recommended that the Town Council authorize the Town Manager to execute a work order with CALTRAN for the NW 154 Street and Palmetto Expressway Turn Lanes project, in an amount of \$29,912.54 for the construction phase not to exceed budgeted funds.
