

**TOWN OF MIAMI LAKES  
MEMORANDUM**

---

To: Honorable Mayor and Town Council

From: Chair, Rudy Lloredo, Neighborhood Improvement Committee

Subject: Request for “Green Space Beautification Initiative”

Date: March

---

The Neighborhood Improvement Committee (NIC) requests permission and motion of the Town of Miami Lakes Council to seek FDOT’s guidance on how to move forward with a community-led project to enhance the green space which is under FDOT ownership (see attached Plot Plan). Our proposal includes adding greenery, landscaping, and other features, with the support and contributions from residents who are eager to improve the space. We believe these efforts will help deter inappropriate use of the lot and make it a more attractive area for the community
