

## **Town of Miami Lakes Memorandum**

---

**To:** Honorable Mayor & Councilmembers

**From:** Honorable Councilmember Josh Dieguez

**Subject:** Special Needs Service Directory

**Date:** January 21, 2020

---

### **Recommendation:**

As I was reading the autobiography of David Cameron—former Conservative Party British Prime Minister—I learned that the United Kingdom’s local councils offer directories for health services tailored for the special needs community. In keeping with our commitment to make Miami Lakes an all inclusive and welcoming community, I propose directing the Town Manager to organize and create a directory of various services that cater to the various members of the Special Needs Community, publish this directory on the Town’s Website, and disseminate the link to this directory via social media channels and our e-mail list.
