TOWN OF MIAMI LAKES MEMORANDUM

To: Honorable Mayor and Town Councilmembers

From: Edward Pidermann, Town Manager

Subject: FY 2020-21 Budget Message

Date: September 22, 2020

Recommendation

It is recommended that Town Council approve the millage rate for Fiscal Year 2020-21 at 2.3127 mills, which is \$2.3127 per \$1,000 of assessed property value. This is the same millage rate as adopted for the prior year, and it remains one of the lowest millage rates in Miami-Dade County. The proposed millage rate is expected to yield \$7,990,628 in ad valorem revenue at 95% of value based on the July 1, 2019 estimated Property Tax Roll, as provided by Miami-Dade County Property Appraiser.

It is also recommended that Town Council adopt Fiscal Year 2020-21 Budget on First Reading of Ordinance, as proposed.

Background

As the Town enters its eighth year of economic growth attributed to increasing property values and new development, the positive effects of prudent financial decisions over the last few years have allowed us to invest in new community facilities, stormwater infrastructure improvements, enhanced communication and transparency, police resources to accommodate a growing population, beautification projects and improved response times to requests for service through new technologies and process improvement.

The Town's economic development goal is to reinforce, strengthen and promote the livability and sustainability of our neighborhoods, commercial and industrial areas in the face of the current economic climate and changing needs of the population. As such, maintaining the Town's credit rating remains an important part of the Town's plan for sustainable recovery and prosperity. In 2018, Moody's Investor Service upgraded the Town's bond rating from 'Aa3' to 'Aa2'. Moody's, in commenting on the basis for upgrading the ratings noted that the Town benefits from low debt and pension burdens and a strong stable financial position. In 2019, Fitch Ratings affirmed the special obligation bonds rating at 'AA+'. The upgrade focused on the Town's solid revenue

framework and expenditure flexibility, nominal fixed carrying costs and low long-term liability burden. The Town's financial position will continue to remain strong with continued development, and as property values increase and thereby generating more property tax revenues.

In November 2015, the Town adopted a 2025 Strategic Plan that outlines six goal areas including enhanced mobility, beautification, economic development, sustainability, communication, and innovation/technology. Each goal area is supported by objectives as adopted by the Town Council. Staff has developed specific Initiatives with supporting work plans to accomplish the Goals and Objectives provided for in the 2025 Strategic Plan. Several components of the plan may require funding from the General Fund, including beautification and communication initiatives. Specific initiatives which will be discussed at the tentative Strategic Plan Workshop scheduled for March 19th and 20th 2021.

FY2020-21 PROPOSED BUDGET

The proposed budget is a deliberate balance of revenues and expenditures prepared in accordance with the State of Florida's Truth in Millage process and best serves the Town's prioritization for provision of core services and the Council's Strategic Plan Initiatives. It balances the Town's financial resources with current programming and service levels while maintaining a solid financial position. We were able to balance this fiscal year's budget with recurring revenues, expense savings, deferral of filling vacancies, reducing operational outlays, which allow us to maintain the current level of services expected by our residents and the business community.

The total Budget for Fiscal Year 2020-21 including all Funds is \$42,860,378 as shown in the table below. This represents a decrease of \$3,029,081 or 7.30% as compared to Fiscal Year 2019-20 Adopted Budget, which is primarily attributed to less grants awarded, and a decrease in general revenues due to the Covid19 pandemic. The details of the decrease are discussed later in this memorandum.

BUDGET SUMMARY Town of Miami Lakes - FY2020-21

THE PROPOSED OPERATING BUDGET EXPENDITURES OF THE TOWN OF MIAMI LAKES ARE 8.4%

LESS THAN LAST YEARS TOTAL OPERATING EXPENDITURES

Millage per \$1,000

General Fund Millage: 2.3127

The General Fund Millage is 4.68% percent higher than the State defined Rolled Back Rate

I. TAX ROLL, MILLAGE RATE, AND AD VALOREM REVENUE

Property Tax Roll Value

The estimated roll value from Miami-Dade County Property Appraiser on July 1, 2020 reflects a gross taxable value of \$3,636,955,722, which includes an increase of \$160,033,451 in new construction and improvements. As compared to the certified taxable value for the previous year of \$3,321,693,913, the July 1, 2020 figure shows an increase of \$315.2 million, a positive economic indicator of the continued increase in both residential and commercial property developments.

As seen in the graph below, Property Tax Roll value has been steadily on the rise since FY 2014 reflecting continuous economic recovery and growth.

Millage Rate

At the July 14, 2020 Town Council Meeting, the Council established the proposed millage rate 'cap' at 2.3127 mills, which is \$2.3127 per \$1,000 of assessed property value, via Resolution No. 20-1691. In keeping the millage rate flat we will continue to be the sixth lowest millage rate among the thirty-five municipalities in Miami-Dade County, and well below the statutory limit of 10.0 mills. Since its first year of incorporation, the Town has steadily reduced the millage rate, and maintained the same low rate since 2012 for five consecutive years. In 2017, the millage rate was reduced to 2.3353 mills, and in 2019 was further reduced to an all-time low of 2.3127, the same as the current year's proposed rate. The Proposed Budget provides for no increase to the millage rate, remaining unchanged at 2.3127 mills for the third consecutive year.

Rolled-Back Rate

Based on the proposed millage rate of 2.3127, the rolled-back rate for FY 2021 is 2.2094. The rolled-back rate would provide the <u>same</u> ad valorem tax revenue as was levied during the prior year exclusive of new construction and improvements. The proposed millage rate of 2.3127 is 4.68% higher than the current year aggregate rolled-back rate. The State Department of Revenue required methodology for calculating the rolled-back rate uses the roll value after the Value Adjustment Board action. The Town's prior year final gross taxable value is \$3,321,693,913 which is \$315.2 million less than the preliminary July 1 base roll figure of \$3,636,955,722. The current proposed millage rate of 2.3127 is based on the gross taxable value which includes new construction and improvements increasing the assessed value. The roll back rate of 2.2094 is based on the adjusted taxable value which excludes new construction and improvements that increase the assessed value. As a result, the roll back rate of 2.2094 would generate \$356,912 less in ad valorem revenue as compared to the proposed millage rate of 2.3127.

Ad Valorem Revenue

The FY 2020-21 Budget was developed using the proposed millage rate of 2.3127. This millage rate will generate property tax revenues or ad valorem (calculated at 95% for budget purposes) in the amount of \$7,990,628. The impact is approximately \$596,204 or 8% increase in ad valorem revenue for the General Fund.

II. FY2020-21 BUDGET HIGHLIGHTS – BY FUND

GENERAL FUND

The FY2020-21 General Fund Operating Budget totals \$20,661,043 and includes \$3,501,181 in fund balance which is discussed later in this memorandum. The total General Fund Operating Budget is \$17,358,562 an overall decrease of approximately \$279,641 or 1.59% as compared to the prior year's Amended Budget. The Budget includes \$198,700 carry-over from the prior year which is allocated to re-program the litigation reserves and a reserve for committees in the event donations are received to offset requested increases (\$40,000).

In addition to the core services, this year's budget provides funding for parks grounds improvements and software upgrades. Funding for general elections, infrastructure renewal and replacement sinking fund and reserves for litigation and committees' donations. The budget also accommodates the FRS rate increases, health insurance costs, as well as the cost of base police patrol services passed through our contract with Miami-Dade County.

A summary of the General Fund Budget is presented below comparing the FY2019-20 Adopted, Amended and Year-end Projection.

FACTORS AFFECTING FY 2020-21 PROPOSED BUDGET

I. REVENUES

General Fund Revenues are primarily unrestricted in nature and fund a variety of services including town administration, police patrol, public works, community outreach and parks services. Property Taxes remain the Town's largest revenue source, comprising 47% of FY2021 budgeted General Fund revenues, followed by Intergovernmental Revenues (i.e. Half-Cent Sales Tax, Communications Services Tax and State Revenue Sharing) at 24%, followed by Utility

Services Taxes 17%, Franchise Fees (7%), %), Licenses & Permits (2%), and the remainder from Fines & Forfeitures and other miscellaneous revenues.

The total revenues available for allocation in FY2020-21 General Fund Budget is \$17,358,562 including carryovers (\$198,700) for the litigation reserves. This budget remains static compared to the FY2020 Adopted budget with a decrease of \$1,430 or 0.01%.

In May 2020, the Franchise Fee contract with Miami Dade County and FPL expired which represented an estimated revenue loss of \$1.2 million to the Town under that contract. To make up the significant revenue loss in the prior year (FY2019-20) the Council approved a one-time transfer from the MLOP Capital Fund (\$420,000) and a one-time transfer from reserve fund balance (\$431,317). This budget considers a full year of FPL Franchise Fee surcharge at 3% offsetting the one-time revenue sources from the prior year.

As compared to the Adopted budget and indicated in the summary chart above, several revenue categories have decreased due to the onset of the Covid19 pandemic. It is evident in the decrease in State revenue sharing (\$28,327), Half cent sales taxes (\$177,492), and in miscellaneous revenues which accounts for park facility rentals and other miscellaneous revenues that have conservative revenue variances.

II. EXPENSES

The FY2020-21 Operating Expense Budget is \$279,641 or 1.59% less than the prior amended budget.

The significant changes affecting the Proposed Budget are described below:

• <u>Staffing</u> – The General Fund Budget includes 32.5 full-time equivalent positions, 6 part-time, 8 seasonal and 7 part-time seasonal positions. A part-time Marketing and Media Specialist position was converted to full-time position. A Procurement Specialist and Zoning Official are currently vacant and will not be filled in FY2021. The Capital Improvement Manager position was eliminated from the budget since it was not approved in prior year.

In keeping with the business model of the Town, we continue to maintain a small professional staff with core competencies in specialized areas and contract out many of the service delivery functions when it provides long-term savings to do so.

- <u>FRS Contribution</u> The Florida Retirement System employer contribution rate increased from 8.47% to 10% for regular employees as of July 1, 2020.
- <u>Group Health Insurance</u> We are anticipating a 10% increase in group health insurance premiums. In keeping with the Employee Retention Program, the Town has implemented various wellness activities with the goal of reducing health care premium cost and improving employee morale.
- Police Services The Police Department's Budget of \$8,698,864 includes contracted police patrol services (\$8,591,539) and the school crossing guards (\$107,325), and represents 50% of the General Fund operating budget, and an overall decrease of approximately \$211,305 or 2.37% as compared to prior year Amended Budget. This is primarily the result of fringe, overtime, and county overhead cost reductions.

The chart below is a summary of net change for contracted Police Patrol Services:

POLICE PATROL SERVICES	FY 2019-20 ADOPTED BUDGET	FY 2019-20 AMENDED BUDGET	FY 2019-20 YEAR-END PROJECTION	FY 2020-21 PROPOSED BUDGET	NET CHAN FY20 AMENDE FY21 PROPO	D VS.

TOTAL PATROL SERVICES	\$8,703,000	\$8,703,000	\$8,533,706	\$8,471,000	(\$232,000)	-2.7%

- <u>Legal Fee Settlement/Reserves</u> A reserve for the potential settlement of legal fees is included in Non-Departmental. This amount is the balance carried over from the prior year's reserve for legal fees (\$198,700).
- <u>Inter-fund Reimbursements</u> During the normal course of business, the General Fund provides administrative, legal, accounting, and technical support to the proprietary and special revenue funds. As such, these Funds reimburse the General Fund a percentage of total cost for services provided, which is shown as a reimbursement to salaries in Administration Department for transparency purposes. These include the Building Department (\$263,460), Stormwater Utility (\$78,169), CITT Peoples Transportation Plan (\$63,910) and the six Special Taxing Districts (\$137,469).
- <u>Committees</u> If approved, the total Committees' budgets remain static, apart from the Special Needs Advisory Board, which receives funding from the Mayor's Gala donations. The FY 2021 budget provides for a total allocation of \$184,100 to the Committees. It should be noted that \$40,000 is held in reserves in the Non-Departmental section of the budget in the event donations are received to offset the requested increases.
- <u>Transfers</u> The FY2020-21 General Fund Budget has a transfer to the Facilities Maintenance Fund for Administration (\$226,253) and the Police Department's (\$101,814) portion of Government Center building expenses. This budget also includes the mandated annual contribution to the Sinking Fund (\$150,000) for facility, equipment and infrastructure renewal and replacement.

• <u>Reserves</u>: The General Fund Operating Budget includes \$477,225 in reserves in Non-Departmental for the following: litigation/legal fee settlement (\$198,700), reserves to offset donations/contributions for Committees (\$40,000), and contingency reserves (\$238,525).

III. FUND BALANCE

In accordance with the Town's audited financials as reported in the FY2018-19 Comprehensive Annual Financial Report (CAFR), the General Fund unassigned fund balance at the beginning of FY2019-20 was \$4,222,958. From this amount, \$350,000 is earmarked for Hurricane Irma expenses that are not expected to be reimbursed by FEMA. We are in the final stages of settling and finalizing our claims and expect this reserve to decrease further. We should have a final number on or before September 30, 2020. During the FY2019-20 budget process, Council approved an appropriation from reserved fund balance of \$431,317 to balance the budget and carried forward \$342,500 in legal reserves. In April of 2020, the Council also approved a carry forward from the General Fund balance totaling \$146,660. This reduced the fund balance to \$2,952,481.

It should be noted that of the \$342,500 in legal reserves from the prior year, a balance of \$198,700 is included as a carry forward in the FY2020-21 budget to reprogram the litigation reserve.

The Town's reserve policy ordinance requires that we maintain 15% of budgeted general fund expenditures on hand as a reserve whenever possible. The current fund balance amount of \$2,952,481 meets and exceeds the 15% requirement at 17.01%. However, during the November 2019 Council Meeting the Council instructed the Town Manager and Town Attorney to amend the Town Code to provide for a gradual three-year increase of the Town reserves from 15% to 20%, and is well on its way to achieve this goal.

Barring an unforeseen financial crisis or emergency, the Town's Administration intends to allow the \$238,525 budgeted in the General Fund, under the Contingency Line to flow into Fund Balance at the conclusion of Fiscal Year 2020-21, thereby increasing Fund Balance to 18.3%. This provides an incremental approach of increasing our fund balance annually to get us closer to our mandated goal that equals 20% of our General Fund budget by 2022, as stipulated in Sec. 2-102 (a) of our Code of Ordinances.

SPECIAL REVENUE FUNDS

Building Department Fund – The Building Department's FY2020-21 Budget is \$3,541,374. This budget reflects a decrease in revenues of approximately \$590,593 or 14.29% as the new residential construction and development that began in FY 2016 has begun to taper off. Notwithstanding, construction and development continues to be steady and robust, and as such, we are anticipating \$1.2 million in revenues from building permit activities. The operating cost of the Building Department including staffing and inspections services is \$2,351,962, and a reimbursement of

\$263,460 to the General Fund for administrative support. The Fund reflects a healthy fund balance of \$925,952.

Impact Fees Fund – This Fund includes parks, public safety, and a contribution in lieu of road impact fees from new developments including the Automall and Kislak Building. Revenues from these developments including carry-over from prior year and interest income are estimated at \$1,360,557 for parks impact fees, \$265,630 for public safety impact fees, and \$0 contribution from developer in lieu of road impact fees. The total FY2020-21 Budget is \$1,626,187 and can only be used to fund the cost of additional capital resources required to maintain and accommodate projected population growth due to new development. Funds are allocated for Senior Center (\$250,000 transfer to Capital Fund). This Fund has a reserve of \$1,376,187.

Mobility Fee Trust Account Fund – Per Ordinance 16-192, the mobility fee is restricted for infrastructure capital improvements and improving the multimodal network included in the Town's Capital Improvement Element (CIE) of the Comprehensive Plan. Revenues are estimated at \$267,000 from the Automall and Kislak Building development. This Fund has \$295,222 in reserves.

People's Transportation Plan – The total proposed budget for FY2020-21 is \$1,469,661 and includes 80% share of revenues from the half-cent discretionary sales surtax (\$1,017,066), prior year carry-over funds (\$4,642) and interest income (\$5,000). The budget provides for staffing at 50% of cost to manage the programs for planning and mobility. The budget also includes funding for street lighting utilities (\$250,000), funds for traffic studies as needed and other transportation related activities. A transfer of \$625,000 to the Capital Projects Fund is budgeted for NW 59 Avenue extension project. This fund has no reserves.

Transit – The budget includes the 20% share of revenues from the half-cent discretionary sales surtax (\$261,139), Freebee Advertising (\$17,500), Freebee Public Transit Service Grant (\$128,798) and prior year carry-over funds (\$35,516) for a total budget of \$442,953. These funds are restricted for transit operations and cover the full cost of operating the on-demand/flex route circulator service, and maintenance of bus shelters and bus stop signs. Staffing is funded at 50% of cost to manage the program, transit, and traffic issues. This fund has no reserve.

Transportation Gas Tax Fund – Funding is restricted for transportation related activities that include sidewalk replacement, pothole repairs, pressure cleaning of the rights of ways, road striping and signs, etc. At the proposed budget of \$341,894, with a carryforward fund balance of \$34,827, for a total budget of \$376,722, this budget reflects a decrease in revenues of approximately \$48,751 or 12.48% due to the onset of the Covid19 pandemic.

Neighborhood Service Districts – In 2014, Town residents who were living within special taxing districts in the Town of Miami Lakes expressed interest in transferring these services to the Town with the goal of receiving hometown services. On November 8, 2016, Miami-Dade County voters approved a Charter Amendment authorizing a municipality to act as the governing body for

special taxing districts within their municipalities. Once the amendment was approved, the residents of six special taxing districts within the Town presented a petition to be transferred from the County, and the Town Council approved the request on September 5, 2017. On January 21, 2018, elections within the districts' boundaries were conducted via mail-in ballot. All six districts received a majority vote ratifying the transfer to the Town.

The Town organized public meetings with the resident of each district to discuss preferred level of services and the preliminary rates. Their recommendations are included in the Proposed Budget for Fiscal Year 2020-21.

DISTRICT NAME	DISTRICT TYPE	FY2019-20 ASSESMENT RATE	FY2020-21 PROPOSED ASEESEMENT RATE
Miami Lakes Section One	Security Guard	\$285.37	\$208.37
Loch Lomond	Security Guard	\$2,489.80	\$2,489.80
Royal Oaks Section One	Security Guard	\$706.89	\$706.89
Royal Oaks East	Security Guard	\$769.33	\$706.89
Lake Patricia	Lake Maintenance	\$231.46	\$231.46
Lake Hilda	Lake Maintenance	\$157.92	\$157.92

The proposed special assessment for Royal Oaks East section was reduced by \$62.44 for a new rate of \$706.89, and Miami Lakes Section One was also reduced by \$77.00 for new assessed rate of \$208.37. All other districts remained static.

DEBT SERVICE FUND

The Debt Service Fund for FY 2020-21 includes the Series 2010, Special Obligation Bond interest payment (\$507,609), principal payment (\$200,000) and fees (\$1,750) for Government Center, which is funded by the Electric Utility Tax revenues of \$553,991 and Federal Direct Payment subsidy (interest reimbursement) estimated at \$171,824.

CAPITAL PROJECTS FUND

The Five-Year Capital Improvement Program aligns with the Town's 2025 Strategic Plan. Mobility remains the Town's #1 strategic goal. For FY 2020-21, investment in transportation projects represent \$5,818,861 or 64.26% of the Capital Improvement Program, followed by

\$1,127,157 or 12.45% investment in parks and facilities improvements, and \$2,108,559 or 23.29% investment in stormwater improvements. The Capital Projects Budget totals \$9,054,477 and projects are grouped into the three categories as summarized below:

- Parks and Facilities Improvements Parks capital improvements for FY 2020-21 total \$1,127,157 and include funds to complete construction on Bridge Park for the survey and design (\$87,164), MLOP Master Plan to complete the design and commence construction (\$450,032), MLOP Storage Facility to replace roof and air condition unit (189,961), and Par 3 design for passive park use (\$150,000). Funds are available from, grant award, Parks Impact Fees, and developer's contribution for parks improvement.
- Transportation Improvements Revenue sources for transportation improvements include Local Option Gas Tax, FDOT Grants, County Investment Grant Program, Peoples' Transportation Plan (PTP 80%), for a total of \$5,818,861. This amount is appropriated among various projects including NW 59th Avenue Extension (\$5,426,052), design of Safe Routes to School Bob Graham (\$56,267), Miglo Walking & biking trail (\$24,250), this fund also includes a reserve for future projects of \$312,292.
- <u>Stormwater Improvements</u> The major project budgeted for FY2020-21: West Lake Roadway & Drainage Improvement- Phase III (\$2,108,559) Revenue sources for this project include a FEMA Grant, State of Florida legislative appropriation and Stormwater Utility Fees (\$122,000).

STORMWATER UTILITY FUND

The Stormwater rate is \$4.50 per Equivalent Residential Unit (ERU) and has remained unchanged since the creation of the Utility. The Stormwater Rate study was conducted to address the fiscal and drainage needs within our community in FY2020, and a new rate proposal will come before Council sometime in FY2021. The Town anticipates receiving \$1,114,699 in Stormwater utility fees for FY 2020-21. Funds are appropriated and transferred to the Capital Projects Fund (\$122,000) towards funding West Lakes Drainage Improvement project.

FACILITY MAINTENANCE FUND

This internal service fund captures all costs associated with the operations, maintenance, and repairs of the Town's Government Center. The cost of centralized services is allocated among the General Fund's Administration and Police Departments, and the Building Department Fund. The FY 2020-21 Budget totals \$377,088.

Conclusion

We are pleased to present a structurally balanced budget that provides a responsible allocation of public resources that maintains the Town of Miami Lakes as a safe, attractive, and vibrant

community. This budget adequately provides for the operational needs of the Town with no increase to the millage rate. Notwithstanding, the cost of doing business continues to increase, public safety, healthcare, construction, and maintenance services continue to rise, and the Town's capital infrastructure must be maintained and improved. There are challenges expected in the coming years and we will need to foster a climate that promotes economic development as well as explore new revenue initiatives beyond ad valorem to be able to accomplish the goals set forth by the 2025 Strategic Plan. As such, we remain committed to managing our resources in a financially stable manner and continue to offer exceptional quality of service to our residents.

General Fund

General Fund Revenue Detail

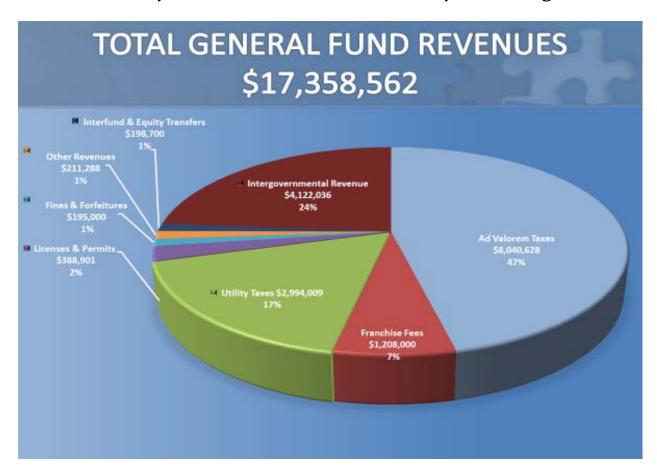

General Fund

The General Fund Operating Revenue Budget for Fiscal Year 2020-21 is \$17,358,562 an overall decrease of \$1,430 or 0.01% as compared to prior year's Adopted Budget.

Ad Valorem revenues increased by 596,204 or 8.01% as compared to prior year's Adopted Budget and continues to increase annually. All other revenue categories including intergovernmental revenues, permits and fees, and other miscellaneous revenues have some slight revenue variances. These variances are a direct result of the Covid19 pandemic which are described in detail below. Nonetheless the Town still maintains high levels of service to our residents.

It should be noted that in May 2020, the Franchise Fee contract with Miami Dade County and FPL expired which represented an estimated revenue loss of \$1.2 million to the Town under that contract. To make up the significant revenue loss in the prior year (FY2019-20) the Council approved a one-time transfer from the MLOP Capital Fund (\$420,000) and a one-time transfer from reserve fund balance (\$431,317). This budget considers a full year of FPL Franchise Fee surcharge at 3% offsetting the one-time revenue sources from the prior year.

As depicted in the graph below, the largest revenue source for the Town comes from Ad Valorem Taxes (47%), followed by Intergovernmental Revenues (24%), Utility Services Taxes (17%), Franchise Fees (7%), Licenses & Permits (2%), Other Revenues (1%), Miscellaneous Revenues (1%), and Fines & Forfeitures (1%).

Ad Valorem Taxes

Chapter 166 of the Florida Statutes authorizes ad valorem or property taxes. The Florida Constitution limits local

governments to a maximum levy of 10 mills of ad valorem taxation. The amount of revenue is based on the tax rate multiplied by the assessed value of the Town which is provided by the County Property Appraiser.

The revenue is budgeted at 95% of the gross value to allow for prompt payment discounts and other adjustments in accordance with Florida Statutes. As illustrated in the Town's Fiscal Year 2019 Comprehensive Annual Financial Report shown below, the Town historically collects between 93% and 95% of Ad Valorem taxes levied. In FY 2019, the Town collected 96.17% in taxes levied. Taxpayers who pay prior to February of 2020 may receive up to a 4% discount. Therefore, the Town's 95% budgeted amount could potentially overestimate the expected Ad Valorem revenue; however, per Florida Statue, the Town is required to budget no less than 95%.

Source: Miami-Dade County Property Tax Collector

Where do your property tax dollars go?

Property tax revenues are levied by the following:

- Miami-Dade County
- Public Schools
- Cities/Municipalities
- South Florida Water Management District
- Florida Inland Navigation District
- Okeechobee Basin
- Children's Trust
- Everglades CP

The chart below depicts the distribution of property taxes for a sample home with the assessed property value of \$ \$295,688 and property taxes of \$4,610.44. The Town of Miami Lakes recieves only \$568.16 or 12.34% of the taxes in this example.

For more information or for a breakdown of your own property tax dollars distribution please visit Miami Dade County Property Appraisers Office website and use the Tax Visualizer at https://www.miamidade.gov/pa/tax.html

The Tax Visualizer lets you see how the property taxes for a particular address/folio number are distributed graphically in a pie chart view. Also, see how your millage rate compares to other taxing jurisdictions in Miami-Dade County.

See your tax dollars at work.

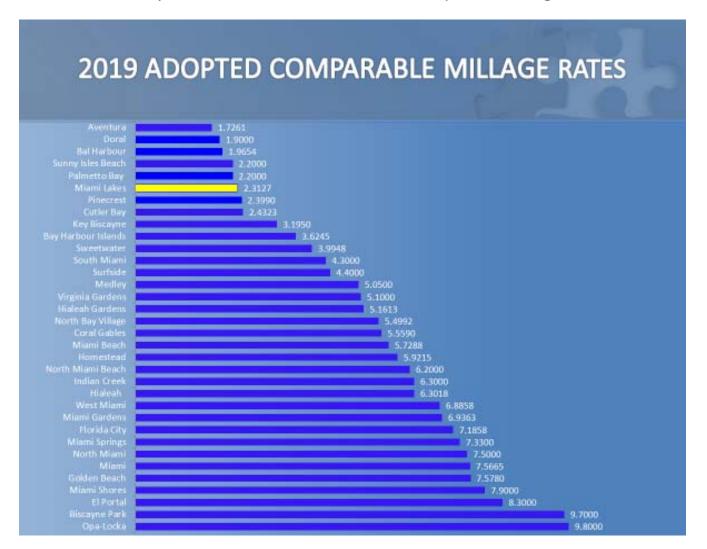

Property Tax Roll Value

The tax roll for Town of Miami Lakes as certified by the Property Appraiser on July 1, 2020 reflects a gross taxable value of \$3,636,955,722 which includes an increase of \$160,033,451 in new construction, additions, deletions, and rehabilitative improvements. As compared to the certified taxable value for the previous year of \$3,365,592,016, this amount reflects an increase in gross taxable value of \$271,363,706 or 8%. As seen in the chart below, property values have been steadily climbing which is indicative of continuous economic recovery and growth.

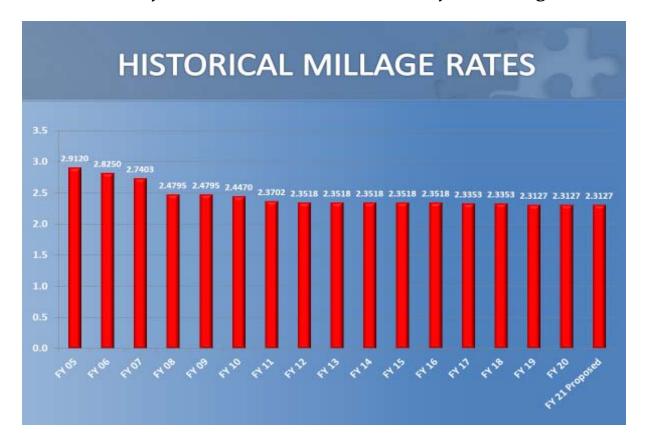

Millage Rate

The millage rate proposed for FY 2020-21 is 2.3127 mills, which is \$2.3127 per \$1,000 of assessed property value. This rate remains the same as the prior years adopted millage rate and <u>remains one of the lowest rates in Miami-Dade County</u> as compared to the other municipal rates. This rate will generate approximately \$7,990,628 of ad valorem revenue budgeted at 95% collection rate.

The proposed millage rate is 4.68% higher than the rolled-back rate of 2.2094. The rolled back rate is defined by Truth in Millage (TRIM) as the rate that generates the same tax revenue as the current year, less new construction, additions, deletions, and rehabilitative improvements. The rolled back rate of 2.2094 would generate \$356,913 less in ad valorem revenue than the proposed millage rate of 2.3127.

The Budget also includes \$50,000 for Delinquent Ad Valorem revenues which the Town anticipates receiving based on collections over the past years. The total Ad Valorem Revenues for FY 2020-21 is \$8,040,628.

Franchise Fees - Electricity

Franchise Fees are established by franchise agreements between a municipality and private service providers. Franchise Fees are negotiated with the utility company for the

use of municipal rights-of-ways. Miami-Dade County had an agreement with Florida Power & Light (FPL) covering the boundaries of Miami Lakes. Through that inter-local agreement with the County, the Town of Miami Lakes received 100% of the revenues generated within the Town minus its proportional share of the taxes paid by FPL for power generating facilities.

On May 25, 1990, Miami-Dade County executed a 30-year electrical franchise agreement with FPL. Municipalities that incorporated after the effective date of the County FPL agreement were prohibited from executing independent franchise agreements with FPL during the County FPL agreement 30-year timespan. The Town of Miami Lakes was incorporated on December 5, 2000, and therefore was covered under the County - FPL Agreement. The agreement expired in May 2020.

On August 27th, 2019, the Town adopted its own Franchise Fee agreement with Florida Power and Light (FPL) that became effective on June 1, 2020. Through this agreement the Town will generate an estimated \$1,208,000 in revenue at the rate of a 3% surcharge on utility fees in FY20-21.

The chart below illustrates revenue collections for FPL Franchise Fees.

Utility Services Taxes

Section 166.231(A) of the Florida Statutes provides that a municipality may levy a tax, not to exceed 10 percent, on the purchase of electricity, water, and natural gas services.

The current year combined Utility Services Tax is \$2,994,009.

<u>Utility Service Tax – Electricity</u>

The Town collects utility tax for the use of electricity. Revenues are derived from a 10% tax levied on each customer's electric bill charged by Florida Power & Light (FPL) within the boundaries of the Town. A portion of the revenue is pledged against the Series 2010 Special Obligation Bond which matures in 2040. The bond covenant requires that the electric utility tax revenue be first utilized to make the debt service payments. The FY 2020-21 estimated net revenue is \$2,504,009, a 3.70% increase as compared to the prior year's adopted budget.

<u>Utility Service Tax - Water</u>

The Town charges a 10% utility tax on water consumption on each customer's water bill that receives service within the boundaries of the Town. Miami Dade County bills, collects, and remits the revenue to the Town of Miami Lakes. Revenues increase as water rates and consumption increases. FY 2020-21 revenue is estimated at \$425,000 or a 3.66% increase as compared to the prior year's adopted budget.

Utility Service Tax - Gas

The Gas Utility Tax is also derived from a 10% tax levied on each customer's gas bill that receives metered or bottled gas service within the boundaries of the Town and is expected to generate \$65,000 in revenues for FY 2020-21, the same as the prior years Adopted budget.

The chart below illustrates the total revenue collections for the three sources of Utility Services Tax.

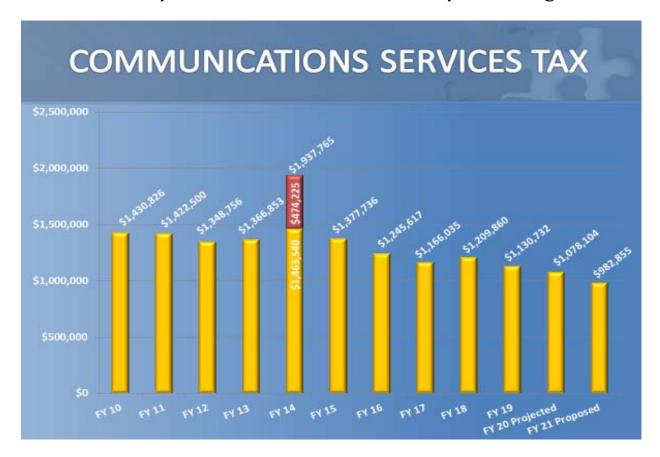

Communications Services Tax

Communication Services Tax (CST) became effective on October 1, 2001 and applies to the transmission of voice, data, audio, video, or other information services, including cable services. The tax is imposed on retail

sales of communications services which originate or terminate in Florida and which are billed to an address within the Town's boundaries. Chapter 202, Florida Statutes (2001) permits each jurisdiction to adopt its local communications service tax rate, and in accordance with this authority, the Town of Miami Lakes communication services tax rate is 5.22%. CST is collected and distributed by the State of Florida.

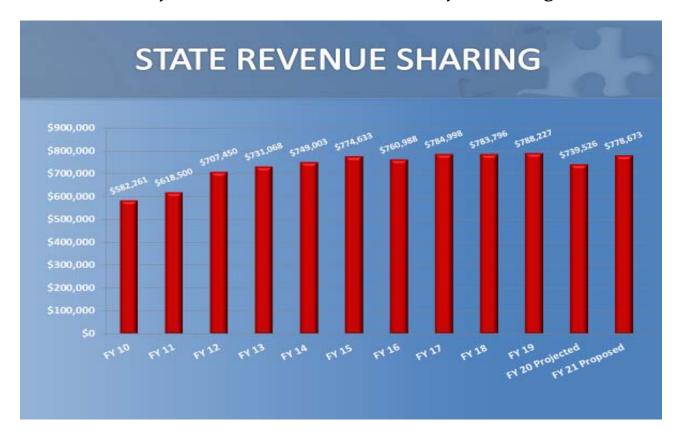

Communications Services Tax accounts for approximately 5.66% of General Fund revenues. Despite an audit which recovered approximately \$475,000 in FY 2014, this revenue source has continued to experience a gradual decrease since its peak in FY 2009. This is due to competition in the wireless market, decreased demand for residential telephone and cable, and changes by the State legislature. In FY 2017, a refund claim from AT&T Mobility for internet access charges further reduced revenues by approximately \$125,000 or 10%. The Town anticipates gross revenues in the amount of \$982,855 or a 16.78% decrease as compared to the prior year's adopted budget in FY 2020-21.

State Revenue Sharing

The State Revenue Sharing program was created by the State Legislature to ensure a minimum level of revenue parity across units

of local government. It includes a percentage of sales tax and the Special Fuel and Motor Fuel Use Tax. The Town anticipates receiving \$778,673 in FY 2020-21 based on the Florida Department of Revenue estimate, a decrease of \$28,327 or 3.51% from prior years adopted budget as a direct result of the Covid19 pandemic.

Alcoholic Beverage Tax

The Alcoholic Beverage Tax represents a portion of the annual state license tax levied on manufacturers, distributors, vendors,

brokers, sales agents, and importers of alcoholic beverages and collected within a municipality in Florida. The taxes imposed under FS 561.14(6), 563.02, 564.02, 565.02(1), (4), and (5), and 565.03, are subject to having a portion redistributed to eligible municipalities. The Town anticipates receiving approximately \$20,000 in FY2020-21, approximately the same as the prior year's projections.

Half-Cent Sales Tax

Authorized in 1982 under Sections 202.18(2), 212.20(6), and 218.60-.67 of the Florida Statutes, the Local Government Half-Cent

Sales Tax generates the largest amount of revenue for local governments among the state-shared revenue sources currently authorized by the Legislature. The program's primary purpose is to provide relief from ad valorem and utility taxes in addition to providing municipalities with revenues for local programs. Based on the Florida Department of Revenue estimates, FY 2020-21 Budget is \$2,340,508, a slight decrease as compared to the prior years adopted budget.

Business Tax Receipt

A Business Tax Receipt (BTR) is required for any business performing services or selling goods, advertising goods for sale, or

advertising the performance of services for a fee within Town boundaries. It is expected that Business Tax Receipts will generate \$140,000 in revenues FY2020-21. This amount includes a share of the County's Business Tax Receipts. Revenues generated from BTRs are reinvested in the business community through the Economic Development Committee, marketing initiatives and promotional support including the Town's business app, Miami Lakes Marketplace.

Zoning Permits and Fees

The estimated revenue for FY 2020-21 includes zoning fees, hearings, verification letters, site plan review fees, fine violations and staff cost for a total of \$159,000. The fee

structure for zoning permits is designed to off-set the cost of providing these zoning services.

Public Works Permit

With the implementation of review fees for public works permits, the Town estimates

collecting \$35,000 in revenues based on the prior year's trend.

False Alarm Fees

Per Ordinance 14-179, the Town of Miami Lakes False Alarm Reduction Program (FARP) requires registration of burglar alarm

systems for a one-time fee of \$10. There is no annual renewal fee, however alarm users must update their contact information when relocating or moving, and when changing alarm service providers. Fines are imposed for false alarm incidents to offset the cost of deployed Police resources. The false alarm fine for unregistered alarms is \$50 on the first instance. A tiered fine schedule is imposed on the third and subsequent false alarm instances for registered alarm users. Revenues for FY 2020-21 are anticipated at \$54,901 which accounts for the cost of administering the program.

With the implementation of the false alarm program, over the past two years the Town continues to experience reductions in Police calls for service for false alarms.

Code Violation Fines

The Code Violation Fines are for violations of the zoning code. Revenues are budgeted at \$130,000 based on prior years trend. It should

be noted that the Town implemented a Lien Amnesty Program in FY 2015 which was terminated in the first quarter of FY 2016. This Program provided for an amnesty period where liens for violations that have been cured were settled at reduced rates. The program had great results, and almost 30% of existing liens were eliminated and properties brought into compliance.

Police – Traffic

The Traffic Fines/Forfeitures revenue is a statutory share of traffic and parking collections. The Town receives a share for

Traffic fines, Parking fines, Misdemeanor fines and Law Enforcement Training Fund (L.E.T.F.). Revenues for FY 2020-21 are estimated at \$30,000.

School Crossing Guards

The Town is entitled to receive a special parking ticket surcharge earmarked to support the cost of the school crossing guard

program. Revenues are estimated at \$35,000 for FY 2020-21.

Lien Inquiry Letters

Lien letters are requested by title insurance companies or individuals to verify that there are no open or expired permits, open

violations, or liens on a property. The service is typically requested at time of purchase or refinance of a property. Revenues are estimated at \$25,000, approximately the same amount as the prior year end projections.

Park Rental Fees & Revenue Sharing Program

The Town anticipates a 19.23% decrease in facility rental revenue and program revenue sharing as compared to prior years adopted budget. This decrease is a direct result of park closures due to the Covid19 pandemic.

The Town anticipates that the parks will remain closed through the first quarter of the fiscal year. Revenues are budgeted at \$105,000 for FY20-21.

Other Revenues

This Budget includes a carry-over of \$198,700 to re-program the litigation reserve that was not utilized in prior year.

Fund Balance

The unrestricted fund balance at the beginning of FY19-20 was \$4,222,958 per the audited financials.

In accordance with the Town's audited financials as reported in the FY2018-19 Comprehensive Annual Financial Report (CAFR), the General Fund unassigned fund balance at the beginning of FY2019-20 was \$4,222,958. From this amount, \$350,000 is earmarked for Hurricane Irma expenses that are not expected to be reimbursed by FEMA. We are in the final stages of settling and finalizing our claims and expect this reserve to decrease further. We should have a final number on or before September 30, 2020. During the FY2019-20 budget process, Council approved an appropriation from reserved fund balance of \$431,317 to balance the budget and carried forward \$342,500 of legal reserves. In April of 2020, the Council also approved a carry forward from the General Fund balance totaling \$146,660. This further reduced the fund balance to \$2,952,481.

It should be noted that of the \$342,500 in legal reserves from the prior year, a balance of \$198,700 is included as a carry forward in the FY2020-21 budget to reprogram the litigation reserve.

The Town's reserve policy ordinance requires that we maintain 15% of budgeted general fund expenditures on hand as a reserve. The current fund balance amount of \$2,952,481 meets and exceeds the 15% requirement at 17.01%. However, during the November 2019 Council Meeting the Council instructed the Town Manager and Town Attorney to amend the Town Code to provide for a gradual three-year increase of the Town reserves from 15% to 20%, and is well on its way to achieve this goal.

General Fund Expenditure Detail

General Fund

The General Fund Operating Expenditure Budget for FY2020-2021 is \$17,358,562, a decrease of \$279,641 or 1.59% from FY

2020-21 Amended Budget and \$309,685 or 1.78% more than year-end projections. This budget does not include any carryforward amounts from prior year for one-time expenditures to the Capital Projects Fund but does however carry forward a legal reserve balance of \$198,700.

As depicted in the chart below, the largest expenditure source for the Town comes from Police (50%), followed by Parks & Recreation (15%), Administration & Debt (15%), Public Works (7%), Community Engagement & Committees (3%), Reserves (3%), Mayor & Council (2%), Code Compliance (2%), Town Clerk (1%), and Town Attorney (1%) and Planning & Zoning (1%). Details will be mentioned below for these operating expenses.

Mayor and Town Council

The FY2020-21 Budget for the Town Council is \$377,060 an increase of \$15,452 or 4.27% from FY2019-20 Amended

Budget. This increase is a direct result of fringe benefits, subscription & memberships, and FRS rate increase from 8.47% to 10%. The Budget also assumes a Consumer Price Index (CPI) adjustment of 3% for Councilmember's stipends. All other expenses are essentially at the same level as prior year.

Office of the Town Clerk

The FY2020-21 Budget for the Office of the Town Clerk is \$220,954, which represents an increase of \$14,707 or 7.13% from FY2019-20 Amended Budget. This is

primarily a result of fringe benefit, FRS rate increase and election costs for general elections for 4 seats. Other recurring expenses are essentially at the same level as prior years.

Town Attorney

The FY2020-21 Budget for the Town Attorney is \$215,000 which remains static when compared to the FY2019-2020

Adopted Budget. It does however represent a \$143,800 or 40.08% decrease when compared to the FY2019-20 Amended Budget. The legal reserve was utilized to fund several ongoing litigations during the prior year. It should also be noted that the legal reserve balance of \$198,700 has been re-programed and allocated in the Non-Departmental section of the FY2021 Budget for the potential settlement of legal fees.

Administration

Administration includes expenditures for the Office of the Town Manager, Budget, Grants, Finance, Procurement, Human

Resources, and Information Technology. The FY2020-21 Budget for Administration including (\$376,253) transfers are \$2,355,426. This represents a \$82,342 or 3.62% increase in expenses as compared to the prior year Amended Budget.

The Budget for Information Technology, a subsection of Administration, is \$343,719 which is \$3,497 or 1.02% less than the FY2020 Amended Budget. This budget includes Town's IT Master Plan, investments in information technology hardware and software as well as replacement servers, laptops, workstations, and network storage peripherals (\$32,000). The Budget also includes funds for the annual cost of the various network warranties, software, web support and security licenses (\$127,829), phone system, internet, supplies and mobile support (\$37,290), contractual services for core IT service and web support is also included in the Budget (\$146,600).

The budget for Administrative transfers is \$376,253 which is \$25,524 or 7.28% more than the FY2020 Amended Budget. Administration's allocation of Town Hall facility operations and maintenance expenses are accounted for in a single line item transfer to the Facilities Maintenance Fund (\$226,253). This budget also includes the mandated annual contribution to the Sinking Fund (\$150,000) for facility, equipment and infrastructure renewal and replacement which was not budgeted in prior year. No other transfers are budgeted for in FY2021.

Performance Measures

Workload metrics for Administration include, but are not limited to, the number of grant submissions as well as the numbers of visitors

to the Town's website.

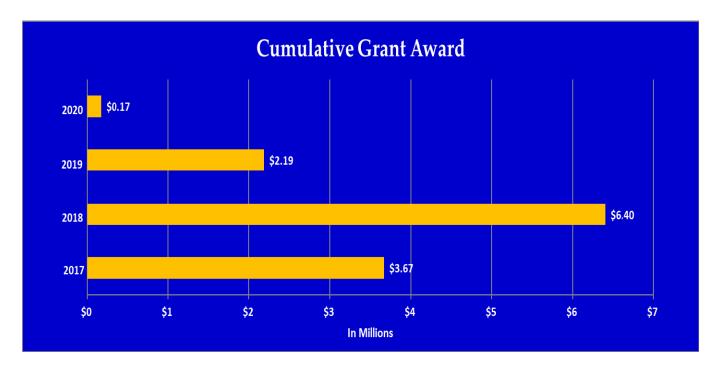

Fig.1: Total grant pursued and submitted from FY2017 to FY20 YTD. A historical record-high level of \$6,430,838 in grants have been awarded in FY18 YTD. In FY19 a total of \$2,187,000, and \$171,730 have been awarded as of the 3rd quarter of FY20).

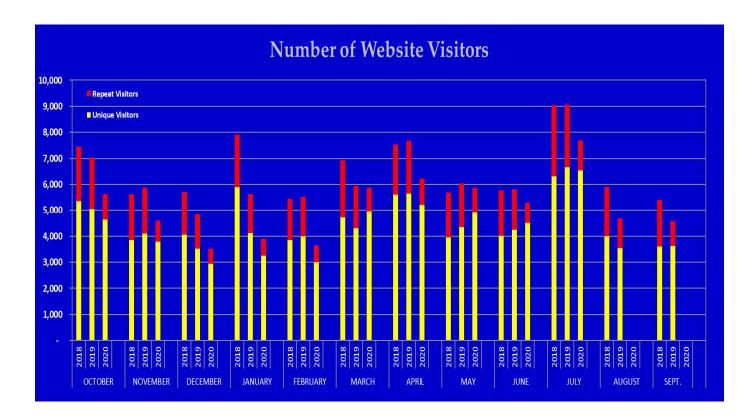

Fig.2: Total number of website visitors during 3rd quarter of FY20 website views reached 52,220 total visits. The number of repeat visitors accessing the website reached 8,464 and unique visitors accessing the website reached 43,756.

Police Department

The Police Department's Budget includes police patrol services (\$8,591,539) and school crossing guards

(\$107,325) and totals \$8,698,864 for FY2020-21 which represents 50% of the Town's total General Fund Budget and an overall decrease of \$211,306 or 2.37% as compared to FY2020 Amended Budget.

Police services are provided through a contract with Miami Dade County. The budget for base police patrol services excluding miscellaneous supplies and building operating expenses is \$8,471,000 approximately \$232,000 or 2.67% less than the FY 2020 Amended Budget. Decreases to patrol services includes salary, fringe, overtime, and county overhead cost.

Miami Lakes Police Department is staffed by 47 sworn personnel and 4 non-sworn. The Department provides Uniform Patrol Services 24/7, has a Neighborhood Resource Unit

comprised of motorcycle units, bicycle units, community service offices and a criminal intelligence officer, a General Investigations Unit who conduct follow-up investigations on larceny, burglaries, assaults and auto thefts. Citizens can access the Police Station at Town Hall Monday through Friday from 8:00 am to 5:00 pm for special services such as watch orders, fingerprints, background checks, police reports, public records requests, crime analysis, off duty permits and for general public safety questions.

Building expenses and miscellaneous supplies for the Police Department as well as the School Crossing Guards are essentially budgeted at the same level as the prior year.

Performance Measures

The Police Department continues to work diligently to ensure the safety of our residents.

The Town has seen an increase in crime reporting over the last several years as community involvement in policing has grown and citizens gain more confidence in their police officers. Additionally, as crimes are now captured via video surveillance cameras, citizens are motivated to report the crime and provide the leads to investigators resulting in a higher rate of community involvement.

The charts below present some of the key performance measures of the Department.

POLICE PERSONNEL	FY 2020-21
Town Commander – Major	1
Lieutenant	1
Sergeants	6
Police Officers:	
Uniform Officer	26
Detective	3
Traffic	4
Bike	5
Community Service	1
Administrative Support	2
Police Service Aide (PSA)	2
TOTAL	51

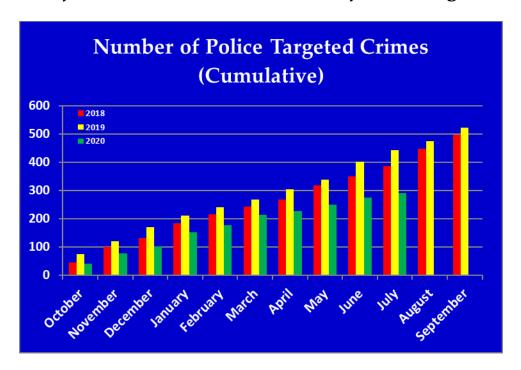

Fig.3: Cumulative number of police targeted crimes over the past three years. Targeted crimes are crimes singled out to be tracked and targeted with police manpower.

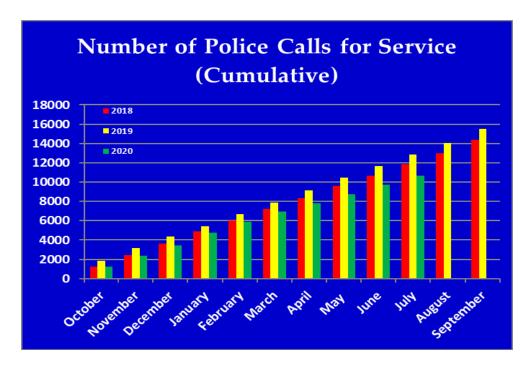

Fig.4: The number of Police calls for service increased between 2018 and 2019. However, has had a small decrease between 2019 and 2020. The Department strives to attend to every phone call received to ensure that each resident is assisted.

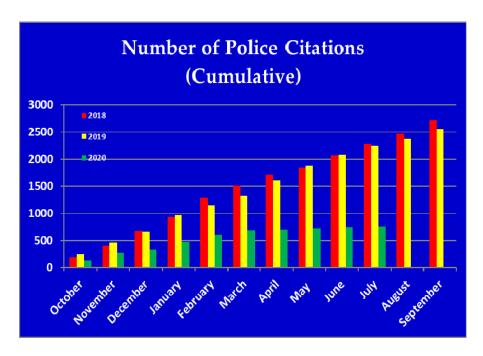

Fig.5: Police citations issued have dropped significantly due to an increase in driver compliance. The Neighborhood Traffic Unit (NTU) is responsible for conducting traffic initiatives at designated critical intersections, anti-speed campaigns and enforcement operations while incorporating traffic enforcement best practices.

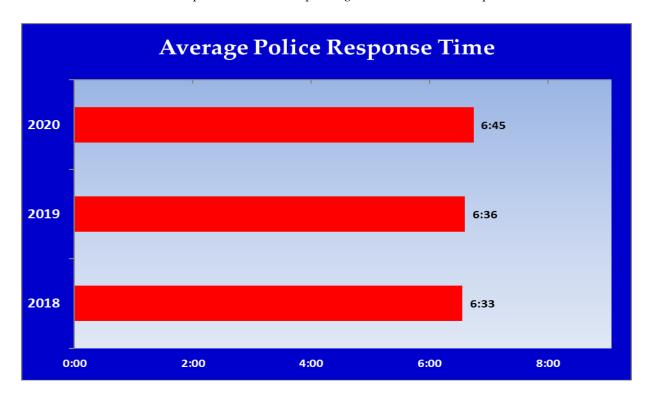

Fig.6: The FY20 average response time of 6:45 is well under our contractual goal, which states that the average response time must remain under 8 minutes.

Planning & Zoning and Code Compliance

The Planning and Zoning Department is responsible for preparing plans and regulatory tools to provide for the growth and enhancement of Miami Lakes, as well as gathering, updating and analyzing

demographic, environmental, transportation and infrastructure data needed by other Town departments. Code Compliance is responsible for assuring that all commercial, industrial, and residential properties comply with the Town's Code.

FY2020-21 total Budget for Planning and Zoning is \$191,197 and consists of a Senior Planner, one part-time Zoning Officials for review and approval of major developments, special projects, or planning studies. Operating expenses are essentially at the same level as the prior year.

The Code Compliance division is budgeted at \$327,049 and reflects a \$14,995 or 4.81% increase as compared to the Amended budget. The division consists of a Code Compliance Supervisor, Code Compliance Manager budgeted at 50% of cost (other 50% in Building Department Fund), and three contracted Code Compliance Officers. Other changes include increase in fringe benefits and in FRS contribution from 8.47% to 10.0%. Operating expenses are essentially at the same level as the prior year.

Performance Measures

The charts below represent some of the key activities handled by this unit: zoning verification letter requests, site plan review and

public hearing applications, the number of days for review of site plan applications, the number of Code cases filed, and the amount collected in fines. The number of zoning verification letter requests received is an indication of the customer service-oriented approach the Town cherishes where applicants are encouraged to meet with staff from our permitting departments to plan development opportunities early in the process. The trends below are due to code interpretations that no longer require formal approval of public hearings.

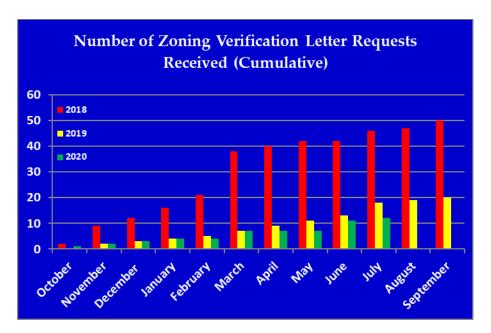

Fig.7: Cumulative number of zoning verification letter requests received totals 12 at the end of the first quarter for FY20. A verification letter is a written confirmation of the Town's current zoning designation of the subject property and/or whether a specific use is permitted on the subject property

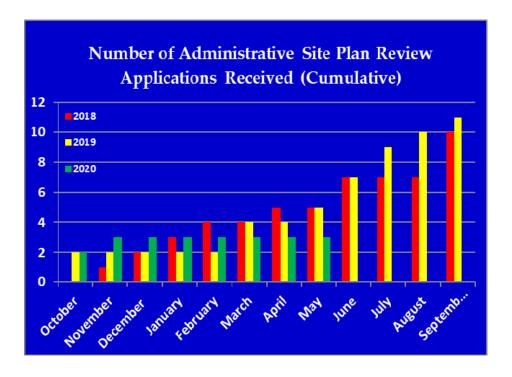

Fig.8: Cumulative number of administrative site plan review applications received over the past three years. Site plan applications are required for all new developments or changes to existing developments.

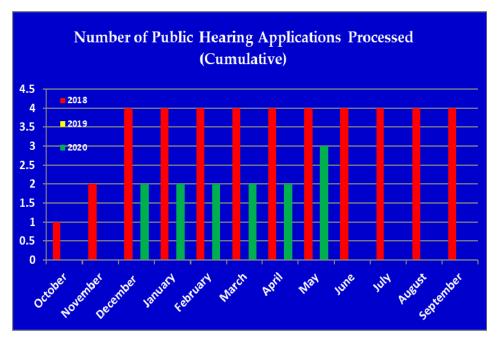

Fig.9: Cumulative number of public hearing applications processed over the past three years. Public hearing applications are required for zoning requests of substantial nature. In FY2019 no public hearing applications were processed. As of the 3rd quarter of FY20 only three public hearing applications have been processed.

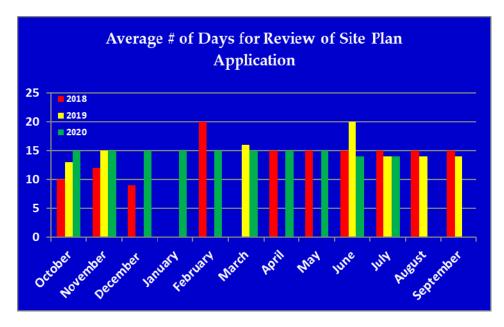

Fig.10: Average number of days the Planning & Zoning Department takes to review site plan applications is within 14 business days for FY20.

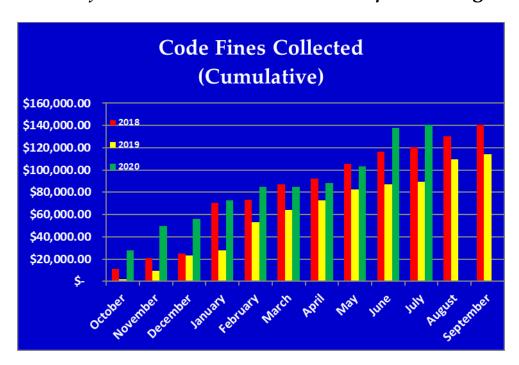

Fig.11: Cumulative number of code fines collected over the past three years. The Town continues to experience more voluntary code compliance from residents and businesses.

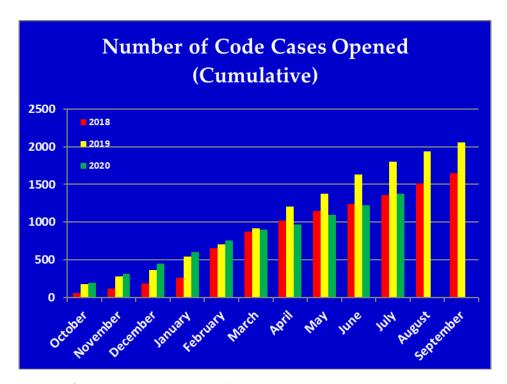

Fig.12: Cumulative number of code cases opened over the past three years. The Department has maintained its level of proactive monitoring and notification.

On-Demand Transit

In May 2018, the Miami-Dade County Board of Commissioners passed an amendment to the (CITT) Citizens'

Independent Transportation Trust ordinance that governs the expenditure of surtax funds, allowing the use of Peoples Transportation Plan (PTP) funds for limited ondemand service for seniors and mobility impaired persons effective November 11, 2018. See Special Revenue Funds.

Parks and Recreation Department

The Parks and Recreation Department FY 2020-21 Budget totals \$2,613,994 and represents 15% of the General Fund's Expenditure Budget. The Department oversees the operation and maintenance of

the Town's 101 parks and 120 acres of park land, 6 lakefront beaches, arbor management, greenways and trails, beautification, and athletic programming.

As compared to the FY20 Amended Budget, the Parks Department's budget decreased \$138,211 or 5.02%. This decrease is attributed to reduced mulch cycles, light, and irrigation repairs since there is less filed usage due to Covid19 pandemic. The budgeted allocations for the 4 community centers, 2 athletic parks, 2 neighborhood parks and mini parks includes telephone service, utilities, grounds maintenance, facility maintenance and repairs as follows: Royal Oaks Park and Roberto Alonso Community Center (\$540,387), Park East and the Youth Center (\$137,402), Mary Collins Community Center at Park West (\$150,685), Miami Lakes Optimist Park & Clubhouse (\$674,105) and the 101 mini parks (\$311,100).

Performance Measures

A key performance measure for the Parks -Community Services Department is the number

of facility rentals. With the opening of Park East Youth Center, the Town now offers two indoor facilities to rent on weekends.

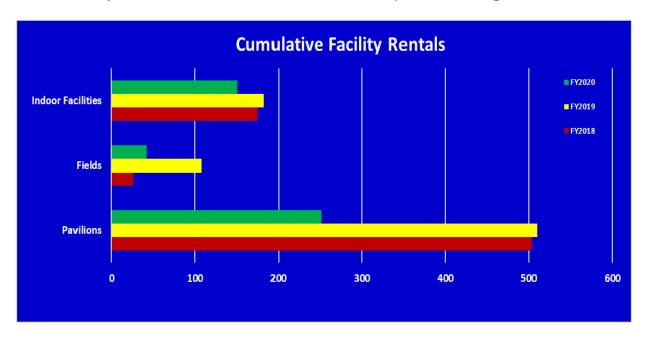

Fig.13: Total number of facilities, field, and pavilion rentals for the 3rd quarter of FY20 has decreased compared to prior years due to the onset of Covid19 and park closures. There were 445 rentals, consisting of 252 pavilion, 42 fields, and 151 indoor facility rentals

Community Outreach and Engagement Department

The Community Outreach and Engagement Department consists of Economic Development, Communications, Special Events and 10 Committees for a total budget of \$568,861. This Department

works with the community at large to create a sustained level of openness and accountability between the Town and its residents to achieve better communication, transparency, and public participation on all issues. It manages the recreation programs for all ages and is the point of contact for the residents and business community.

The Town provides funding for the Veterans Day Parade (\$6,000), 4th of July fireworks show (\$30,000), the Town's 20th Anniversary (\$15,000), and annually seeks donations from the business community and individuals to supplement these events. The Budget also provides for media strategy implementation (\$14,500) including hardware, software, and advertisements, as well as funding for pop-up events (\$10,000) to promote economic development.

The Committees total FY 2020-21 Proposed Budget is provided for at \$184,100. In addition, the Budget allocates \$40,000 in reserves to offset potential donations and sponsorships to fund specific events and enhance certain programs and activities.

Public Works Department and Green Space

The Department is responsible for the operations, maintenance, and improvements of the Towns infrastructure. This includes canal cleaning, street sweeping, litter debris

pick up, sign repairs and replacement, sidewalk repairs, roadway repairs, storm drains, streetlights, and curbs. Additionally, the Department is responsible for regulating and permitting construction within the Town's Public Right of Way (PROW) and managing small capital improvement projects. Many of these activities are funded through the Special Revenue Fund and Stormwater Utility Fund and discussed in those sections of the Budget. The Public Works General Fund Budget includes Administration (\$368,293) and Green Space (\$803,101) for a total Departmental Budget of \$1,171,394 or almost 7% of the General Fund.

The Public Works Administration General Fund Budget of \$368,293 for FY 2020-21 represents a net increase of \$6,191 or 1.71% from the prior year Amended Budget. The change is mainly attributed to increases in fringe benefits and in FRS contribution from 8.47% to 10%. All other operating expenses are essentially at the same level as the prior year.

Funding for the Public Works Director and PW Engineer at 50% of cost of salary and benefits, the PW Coordinator, contractual services for plan reviews and inspections, operating supplies, and vehicle maintenance. The public works permit fee revenue offsets the cost of the plan's reviewer.

Public Works – Green Space General Fund Budget of \$803,100 is approximately \$109,206 or 12.56% less than the prior year's Amended Budget. This decrease is attributed to reduced mulch cycles and annual palm pruning of the major corridors.

The FY 2020-21 budget provides for tree trimming service (\$181,732), new tree plantings (\$55,000), and supplemental funding for the removal of invasive, hazardous, or dead trees (\$30,000). This budget also provides for right-of-way grounds maintenance contractual service (\$235,635), FDOT ROW maintenance (\$23,900), supplemental cycles (\$23,850), flowers/landscape beds and cul-de-sac (\$58,884), litter and debris/doggie stations (\$122,000), miscellaneous repairs including plumbing, electrical and handyman

services (\$15,000), exterminations services of rodents, bees, and dead animals(\$4,000), and entry feature maintenance (\$2,800), as well as ROW utilities (\$50,300).

Performance Measures

A key performance measure tracked on our Green Space rights-of-ways is the number of

trees trimmed. The Town has a total of 17,832 trees which are all trimmed over a period of three years.

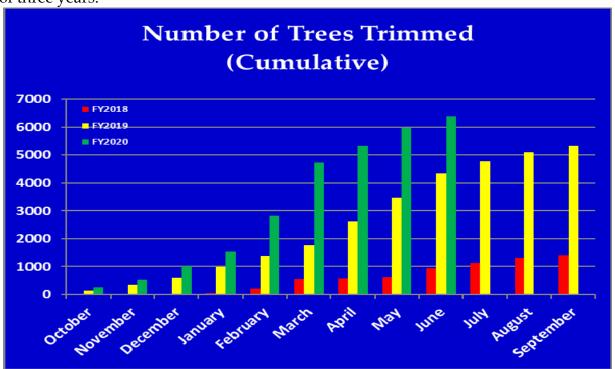

Fig.14: Cumulative number of trees trimmed monthly over the past three years. The decrease in routine tree trimming in FY18 is due to Hurricane Irma, where resources were reallocated to hurricane debris pick up and other recovery efforts. The number of trees trimmed at the end of the 3rd quarter for FY20 is 6,373.

Transfers, Reserves and Fund Balance

Transfers: The FY2020-21 General Fund Budget has a transfer to the Facilities Maintenance Fund for Administration (\$226,253) and the Police Department's

(\$101,814) portion of Government Center building expenses. This budget also includes the mandated annual contribution to the Sinking Fund (\$150,000) for facility, equipment and infrastructure renewal and replacement.

Reserves: The General Fund Operating Budget includes \$477,225 in reserves in Non-Departmental for the following: litigation/legal fee settlement (\$198,700), reserves to

offset donations/contributions for Committees (\$40,000), and contingency reserves (\$238,525).

Fund Balance: The unrestricted fund balance at the beginning of FY19-20 was \$4,222,958 per the audited financials.

In accordance with the Town's audited financials as reported in the FY2018-19 Comprehensive Annual Financial Report (CAFR), the General Fund unassigned fund balance at the beginning of FY2019-20 was \$4,222,958. From this amount, \$350,000 is earmarked for Hurricane Irma expenses that are not expected to be reimbursed by FEMA. We are in the final stages of settling and finalizing our claims and expect this reserve to decrease further. We should have a final number on or before September 30, 2020. During the FY2019-20 budget process, Council approved an appropriation from reserved fund balance of \$431,317 to balance the budget and carried forward \$342,500 of legal reserves. In April of 2020, the Council also approved a carry forward from the General Fund balance totaling \$146,660. This further reduced the fund balance to \$2,952,481.

It should be noted that of the \$342,500 in legal reserves from the prior year, a balance of \$198,700 is included as a carry forward in the FY2020-21 budget to reprogram the litigation reserve.

The Town's reserve policy ordinance requires that we maintain 15% of budgeted general fund expenditures on hand as a reserve whenever possible. The current fund balance amount of \$2,952,481 meets and exceeds the 15% requirement at 17.01%. However, during the November 2019 Council Meeting the Council instructed the Town Manager and Town Attorney to amend the Town Code to provide for a gradual three-year increase of the Town reserves from 15% to 20%, and is well on its way to achieve this goal.

Special Revenue Fund Detail

Special Revenue Funds are established to account for revenues that are restricted by statute or ordinance for a specific purpose.

Local Option Gas Tax

Pursuant to Florida Statute 336.025(1)(a), the Local Option Gas tax is derived from the six (6) cents tax imposed by Miami-

Dade County on every gallon of motor and diesel fuel sold in the county. For FY 2020-21, the Town anticipates receiving approximately \$341,895 with a carryforward fund balance of \$34,827, for a total budget of \$376,722.

The funds are restricted for transportation related activities which includes sidewalk replacement (\$175,722) and pressure cleaning (\$60,000), road system maintenance (\$80,000), ADA compliance of our public rights-of-way (\$25,000), pothole repairs (\$20,000), signage replacement and striping of crosswalks (\$16,000). This budget has \$0 in reserves.

Performance Measures

The principal measures of performance for Gas Tax funding are the square footage of sidewalks pressure cleaned, and the cumulative number of

potholes/sinkholes and street signs repaired.

Fig.1: Cumulative number of sidewalks pressure cleaned in FY20 as of the 3rd quarter was 597,743 sq. ft. Areas cleaned include the Town's major corridors such as Miami Lakeway N and S, NW 82nd Avenue, Fairway Drive, Main Street, and the underpass at NW 154th Street.

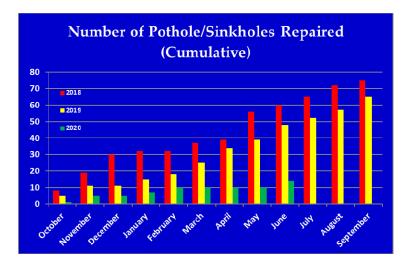

Fig.2: The number of pothole/sinkholes repaired at the end of the 3rd quarter of FY20 was 14. Potholes typically develop in wet and mucky conditions. This measure has decreased significantly from 2018 due to the completion of roadway resurfacing and drainage projects, and the department's proactive inspections.

Fig.3: Signs are repaired when damaged or fading. The increase in FY18 is because of the effects of Hurricane Irma. A total of 19 street signs have been repaired as at the end of the 3rd quarter of FY20.

People's Transportation Plan

Pursuant to Florida Statute 212.055 (1) Miami-Dade County levies a half-cent discretionary sales surtax on sales, use, rentals, admissions, and other

transactions as specified in the Statute. The Citizen's Independent Transportation Trust (CITT) administers, collects, and distributes the surtax proceeds to the municipalities. The Town anticipates receiving \$1,469,661 for FY 2020-21. People's Transportation Plan funds are allocated and restricted to 80% transportation activities (\$1,026,708) and 20% transit activities (\$442,953).

The People's Transportation Plan (PTP 80%) total budget for FY 2020-21 is \$1,026,708; this includes the 80% share of revenues (\$1,017,066), interest income (\$5,000) and prior year carry-over funds (\$4,642). Funds are allocated for street lighting utilities (\$250,000), traffic studies related to the implementation of projects (\$41,589), maintenance of our greenway bike paths (\$7,996), transfer to Capital Projects Fund for transportation related improvement projects including NW 59th Avenue extension

(\$625,000), and staffing at 50% of cost to manage the program (\$102,123). This Fund has \$0 in reserves.

Performance Measures

The principal measure of performance for PTP 80% funded activities is the percentage of

streetlights working.

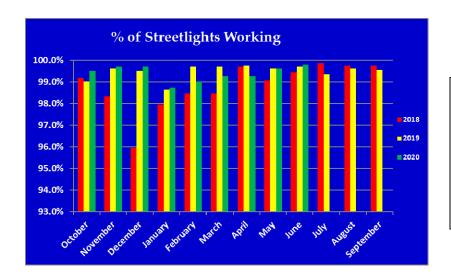

Fig.4: There are currently 2,047 streetlights in Miami Lakes of which 915 are owned by the Town. Over the 3rd quarter of FY20, approximately 99.8% of streetlights were working. The Town continues to work with FPL to enhance the quality of service being provided to our residents.

Transit

As mentioned above, at least 20% of the halfcent sales discretionary surtax proceeds are to be used specifically for transit related

operations. The total budget for FY 2020-21 is \$442,953 which includes the 20% PTP share of \$261,139 Freebee advertisement \$17,500, Freebee Public Transportation Grant (\$128,798) and \$35,516 in prior year carry-over funds.

The Town's two circulator buses (the 'Moover') were launched in July 2012 to provide safe and efficient transportation service to the community and to ensure the availability of public transportation service to the public via a fixed route system. In May 2018, the Miami-Dade County Board of Commissioner's passed an amendment to the Citizens Independent Transportation Trust (CITT) ordinance to allow the use of on-demand transportation services as a PTP eligible expense effective November 2018. This has allowed the Town to convert the Moover circulator service to an on-demand/flex route to provide point to point public transportation through the Town of Miami Lakes.

In April of 2019, the Moover service was discontinued and replaced with the use of the Freebee service. Currently the service operates 3 vehicles however beginning January 2021 with grant funding, this service will operate an additional vehicle for a total of four vehicles running 7 days per week and is funded at \$349,617 for FY2021. The budget

also provides for insurance of 23 bus shelters and bus stop signs (\$31,509), and staffing at 50% of cost to manage the program (\$61,827). This Fund has \$0 in reserves.

Performance Measures

The principal measure of performance for Transit Surtax (PTP 20%) funded function is

ridership.

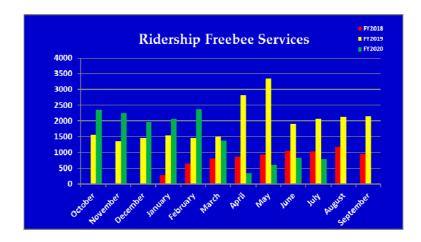

Fig.5: Cumulative number of passengers for Freebee service at the end of 3rd quarter is 14,942.

Tree Removal Program

To conserve, promote, protect, restore, and improve the tree canopy of the Town, Ordinance No. 12-151 requires a permit for tree removals. Black olive trees in the

Town are a nuisance and the Town has a 15-year replacement program for the removal of these trees in phases to mitigate the impact to the tree canopy. The approach is to remove trees designated to be dead, critical or in poor condition first, and then proceed to those trees that are in fair condition. Residents can expedite the removal of a tree that is in fair condition by opting for the Expedited Tree Removal Program.

In FY21, revenues from the program are estimated at \$10,000 with a carryforward fund balance of \$69,342, for a total budget of \$79,342 to offset the cost of removing and replacing those trees. To fully fund the 15-year replacement plan, the program would need to be funded at approximately \$85,000 per year.

Mobility Fee Trust Account Fund

Ordinance No. 16-192 establishes a mobility fee that will fund multimodal transportation improvements and encourage development that

better mitigate impacts on the transportation system, in lieu of the traditional transportation concurrency fee. The fee is applied to land development projects for the establishment of a land use or change of a land use, that apply for a building permit

and/or certificate of use and is restricted for infrastructure capital improvements and improving the multimodal network included in the Town's Capital Improvement Element (CIE) of the Comprehensive Plan. The fee is calculated as outlined in the Mobility Fee Ordinance, paid directly to the Town, and deposited to a Mobility Fee Trust Account Fund.

For FY 2020-21 revenues are estimated at \$267,000 from the Automall and Kislak building developments, and a carryforward balance of \$28,222, totaling \$295,222. These funds will be reserved for future transportation projects.

Special Revenues - Other

This sub-fund includes a one-time contribution of \$300,000 from the Lennar Development that was received in FY 2016 and restricted for educational projects and

programs, per agreement. In FY2019 the Lucida development paid \$199,000 for Large Park (in lieu of) restricted for the acquisition or improvement of a new large park land, as well as \$200,000 Greenway (in lieu of) funds which are restricted for pedestrian and bicycle infrastructure along the Northern Portion of 79th Court. The FY 2020-21 Budget is \$699,885 which are reserved for future projects and programs.

Impact Fees Fund

Pursuant to Section 163.31801 of the Florida Statute, impact fees are an important source of revenue for a local government to use in funding the

infrastructure necessitated by new growth. Impact fees are paid by developers to offset the cost to adequately serve the impacts and demands of new development. Two types of Impact Fees, Parks and Public Safety, are collected by Miami-Dade County on behalf of the Town and the revenues are captured in the Impact Fee Fund to fund capital improvements, capital facility and capital equipment attributable to new developments.

Parks Impact Fees are collected: 1) to offset the impact of residential development on park **open space**, and 2) to address the need for **improvements** to local park property.

- 1) Open Space No impact fee revenues from new developments are anticipated for FY 2020-21 however, a carryforward fund balance of \$1,101,896 is reserved for future projects.
- 2) Improvements No impact fee revenues from new developments are anticipated for FY 2020-21 however, a carryforward fund balance of \$258,661 is budgeted. This amount is transferred to the Capital Projects Fund for the interior buildout of a 6,000 square foot shell for a senior community center building (\$250,000) and the difference of \$8,661 is reserved for future projects.

Public Safety (Police) impact fees are intended to offset the cost of additional capital resources required to maintain adequate police protection for the existing population and to accommodate projected population growth due to new development. Revenues for FY 2020-21 are estimated at \$205,000 from new developments including the Automall and the Kislak building development, and a carryforward fund balance of \$60,630 for a total budget of \$265,630 and is reserved for future public safety projects.

In lieu of payment of Road Impact Fees, Miami-Dade County approved for Town Center Developer to contribute towards the widening of NW 67th Avenue at the Palmetto (\$547,268). As per agreement with the developer, 50% of the contract was paid in FY2019, and the remaining \$273,634 due in FY2020. A sub-fund Road Impact Fees (Contribution in Lieu of) was created to account for the contribution with a transfer to the Capital Projects Fund to record the expenses of this project which is currently underway. No impact fee revenues from new developments are anticipated for FY2020-21.

Building Department Fund

The Building Department safeguards public health, safety and general welfare through the administration and enforcement of the Florida Building Code

to ensure the highest level of building code compliance. The Department performs plans review for all commercial and residential construction, mandatory inspections for all phases of construction to ensure compliance with building safety regulations, collects permit fees and issues permits for residential and commercial construction, issues Certificates of Completion, Certificates of Occupancy and Business Tax Receipts. Per State Statute, fees generated by the Building Department are restricted for building permitting and inspection activities. In FY 2016-17, the Building department activities were separated from the General Fund, and a new Building Department Fund created to more accurately account for the receipts of building permit fees, related revenues, and expenditures. Zoning function revenues and expenses, as well as Business Tax Receipt revenues and expenditures remain in the General Fund as these functions are not regulated by the Florida Building Code.

The FY 2020-21 Budget for the Building Department Fund totals \$3,541,374 in revenues, an overall decrease of \$590,593 or 14.29% compared to the FY20 Amended Budget. Revenues include \$1,230,000 in building permit fees, technology fee of \$123,000, building permit violation fee, lost plans, and interest income \$55,000 and a carryforward fund balance of \$2,133,374.

The operating cost for FY 2020-21 is \$2,189,542 and includes 13.5 FTEs, contractual services for building inspection and plans review in support of new residential

construction, licensing, and support of the Building permitting software TRAKiT, credit card transaction fees, and other miscellaneous expenses. The budget includes \$72,780 in capital expenditure, as well as reimbursement of \$263,460 to the General Fund for administrative support provided by the General Fund. This Fund has a reserve of \$925,952 and is expected to decrease as the new developments progress through the permitting process over the next several years.

Performance Measures

The principal measures of performance for the Building Department Fund are the number of building permits issued, the amount of fees

collected and the number of inspections conducted. There are other key measures that the Town monitors internally, such as the turn-around time for permit review to ensure that all inspections are performed within 24 hours of being requested.

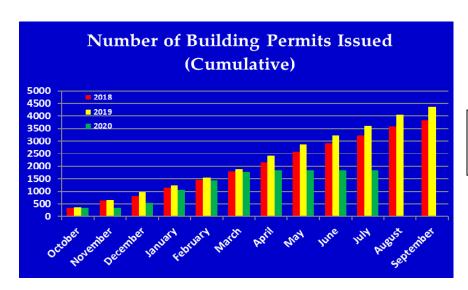

Fig.6: Cumulative number of Building Permits issued in FY20 at end of 3rd quarter has reached 1,837.

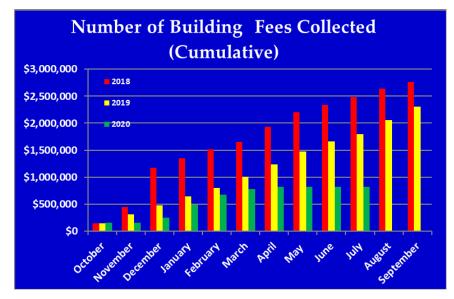

Fig.7: Cumulative amount of Building Permit Fees collected totals \$817,109 in FY20 as at 3rd quarter, which is slightly lower than FY19.

Fig.8: The cumulative number of Building Inspections performed in FY20 as at 3rd quarter. A total of 5,732 inspections was conducted thus far, and the Building Department continues to work diligently to provide excellent service while keeping up with the increased number of requests.

Special Taxing Districts

In 2014, Town residents who were living within the neighborhood service districts formerly known as the special taxing districts in the Town of Miami Lakes

expressed interest in transferring these services to the Town with the goal of receiving hometown services. On November 8, 2016, Miami-Dade County voters approved a Charter Amendment authorizing a municipality to act as the governing body for these districts within their municipalities. Once the amendment was approved, the residents of the six districts within the Town presented a petition to be transferred from the County, and the Town Council approved the request on September 5, 2017. On January 21, 2018, elections within the districts' boundaries were conducted via mail-in ballot. All six districts received a majority vote ratifying the transfer to the Town. The Town organized public meetings with the resident of each district to discuss preferred level of services and the preliminary rates.

The Neighborhood Service Districts sub-fund of the Special Revenue Fund was created to account for the cost to provide public improvements and special services through a non-ad valorem assessment. Non-ad valorem assessments represent a cost share assigned to a group of properties to pay all or part of the cost associated with a specific public service or improvement, such as security guard services, lighting, lake and landscape maintenance, primarily benefitting those properties. The Town of Miami Lakes provides security guard services to four districts, and lake maintenance to two districts.

The FY2020-21 Budget for all Districts total \$1,683,881, a \$55,898 or 3.32% decrease as compared to prior year adopted budget. The assessment rate for each district are as follows:

DISTRICT NAME	DISTRICT TYPE	FY2019-20 ASSESMENT RATE	FY2020-21 PROPOSED ASEESEMENT RATE
Miami Lakes Section One	Security Guard	\$285.37	\$208.37
Loch Lomond	Security Guard	\$2,489.80	\$2,489.80
Royal Oaks Section One	Security Guard	\$706.89	\$706.89
Royal Oaks East	Security Guard	\$769.33	\$706.89
Lake Patricia	Lake Maintenance	\$231.46	\$231.46
Lake Hilda	Lake Maintenance	\$157.92	\$157.92

The proposed special assessment for Royal Oaks East section was reduced by \$62.44 for a new rate of \$706.89, and Miami Lakes Section One was also reduced by \$77.00 for new assessed rate of \$208.37. All other districts remained static.

Electric Utility Tax Revenue and Debt Service Fund

Electric Utility Tax Revenue and Debt Service Fund

Electric Utility Tax Revenue

The Series 2010, Special Obligation Bond Covenant requires that the electrical utility tax revenue be first utilized to make the debt service payment. The

Electric Utility Tax Revenue Fund was therefore created to ensure the appropriate capture of the revenue and the fees associated with the maintenance of the debt. All unused funds are transferred to the General Fund for general operations.

The Total Electric Utility Tax revenue for FY 2020-21 is budgeted at \$3,060,000, a decrease of \$22,101 or 0.72% over the current year projections. A transfer to the Debt Service Fund in the amount of \$553,991 is budgeted, and \$2,504,009 transfer to the General Fund. The annual dissemination service fee is estimated at \$2,000.

Debt Service Fund

The Bond and Notes covenants require that all debt service-related revenues and expenditures be tracked in a separate fund. This Fund accounts for the servicing of all outstanding long-

term obligations except those payable from Enterprise Funds. The Debt Service Fund for FY 2020-21 includes the Series 2010 Special Obligation Bond for construction of Government Center.

The Series 2010 Bond Holder interest payment for FY2020-21 is \$507,609 and the Federal Direct Payment (interest reimbursement) is estimated at \$171,824. The difference between these two amounts (\$335,785) represents the Town's portion of the debt service which is paid using the Electric Utility Tax revenues. The first principal payment (\$380,000) on was paid December 1, 2019, and the second payment (\$200,000) on the Bond is due on December 1, 2020.

Capital Projects Fund Infrastructure Sinking Fund and Five-Year Capital Improvement Plan

Capital Projects Fund Detail

The Capital Improvement Program aligns with the Town's 2015-2025 Strategic Plan where mobility remains the Town's #1 strategic goal. The FY 2020-21 Capital Projects Fund Budget includes many of these initiatives with investment in transportation projects representing 64% of the Capital Improvement Program, followed by 23% in stormwater improvements, and 13% investment in parks and facilities improvements.

The Capital Projects Fund is established to account for all resources used for the acquisition of fixed assets or construction of major capital projects. Money is typically transferred to this Fund from other Funds for these projects. The Budget for FY 2020-21 totals \$9,054,577. Projects are grouped according to the three sub-fund categories as summarized below:

Parks Development

• Miami Lakes Optimist Park Master Plan

Total Estimated Project Cost is \$10 to \$17.5 million; FY2020-21 Budget is \$450,032

The Town Council adopted the Miami Lakes Optimist Park Master Plan in 2003; while many of the proposed improvements have been completed, the Plan also includes concession stand and bathroom facility (\$1 million), rebuilding the tennis and basketball courts (\$350,000), new sports field lighting (\$1.2 million), field and fencing reconfiguration (\$3.5 million), a walking trail throughout the park with exercise amenities (\$700,000), new site furnishings (\$390,000), site earthwork and landscaping (\$2 million), additional parking area and resurface existing parking lot (\$815,000), optional airnasium (\$500,000) and construction cost (\$6 million).

In FY2018, a contract for field design work was awarded for \$470,000 which is approximately 41% complete. FY2021 budget provides funding for the completion of the field design work and for the construction documents.

• Optimist Park Storage Facility

Total Estimated Project Cost \$230,000; FY2020-21 Budget is \$189,961.

The budget included \$80,000 to replace the roof and renovate the interior of the storage facility at Optimist Park. Due to a change in scope, the budget was amended to add \$150,000 to completely remodel the structure, update electrical, plumbing and mechanical systems to meet current Code, reconfigure interior spaces making the building ADA accessible, and aesthetically update the exterior of the building to make it consistent with MLOP Clubhouse. Design was completed in FY2019 and revised in FY2020 to include flood protection requirements. Construction is expected to be commence in FY2021.

Par 3 Park

Total Estimated Project Cost is \$4.7 million; FY2020-21 Budget is \$150,000.

Funded from developer contribution, the budget allocation is for design work to turn a Par 3 Golf Course into a multi-use central park with areas for kids to play, fitness activities, and a transit park-and-ride.

• Bridge Park – Phase 1

Total estimated project cost - \$215,000; FY2020-21 Budget - \$87,164.

In FY2019, Town Council approved the conceptual design for Phase 1 of the 1-5-4 Bridge Park. Phase 1 consists of constructing the Entry Plaza for the 1-5-4 Bridge Park & Greenway with shared use paths, central area with benches, feature canopy tree, landscape islands containing native trees and plants, which was completed in FY20. The FY 21 Budget provides funding for lighting instillation to be completed in Phase 1.

The Town is exploring the potential development of the Miami Lakes Bridge Park located on the I-75 Highway overpass at the western boundary of NW 154th Street. The project would extend west from the Town's boundary into the City of Hialeah along NW 154th Street and connect to a planned large regional park in Hialeah. The Park will include bike lanes, walking paths and greenery and provide public green and recreational space to benefit existing residents and the adjacent new homes and commercial development.

• Senior Center Buildout

Total estimated project cost - \$500,000; FY2020-21 Budget - \$250,000.

The creation of a senior center and improving the health and vitality of residents of all ages are both part of the Town's 2015-2025 strategic plan. The Senior Community Center 6,000 square feet interior build project will enhance the Town's ability to provide vital resources, programs, and services to its growing senior population.

The project is positioned on approximately 1.3 acres, located on the west side of Commerce Way and NW 146th Street. The facility shell, estimated at \$1.2 million, is being donated to the Town by The Graham Companies. Surrounding accommodations proposed for this space include 9.4 acres 220 units senior living apartments and a 4.2 acre assisted living facility. The FY 2020-21 allocation will fund buildout of the interior facility shell to include furniture, fixtures, and equipment. The facility will be equipped with a catering room to host healthy cooking demos, multipurpose room for health programs and educational classes, art room, and an open playroom.

Transportation Improvements and Stormwater Improvements

The
Transportation
Improvement
Program is based

on the results of the Roadway Assessment Report that was completed in 2011, as well as the 2015 Transportation Summit recommendations; the Stormwater Improvement Program is based on the results of the Stormwater Master Plan Update completed in 2012. These programs were developed to ensure that road resurfacing projects are coordinated with drainage improvements. For FY 2020-21, these projects are funded from State grants, Infrastructure Gas Tax funds, Transportation Sales Tax, and Stormwater Utility fees.

As part of its Stormwater Master Plan, over the last few years the Town of Miami Lakes has undertaken a series of projects to protect surface water quality and reduce flooding within the Town. These projects are comprised of both roadway and drainage components and the cost is typically split between the Transportation and Stormwater sub-funds. Drainage projects are completed by resurfacing the roadway, pavement markings, signage and when applicable, landscaping and irrigation. Stormwater improvements typically include the addition of catch basins, French drains, and manholes to provide water quality and quantity treatment. Projects funded in the FY 2020-21 Budget include:

• West Lake Roadway and Drainage Improvement - Phase III

Total Estimated Project Cost is \$2.17 million; FY2020-21 Budget is \$2,108,559.

The Stormwater Master Plan identified the West Lakes area as a priority for stormwater improvements. The project consists of a complete drainage system retrofit and installation of drainage pipes in residential local roads and exfiltration trenches (French Drains) connecting to existing underground infrastructure, leading to an outfall. New structures and inlets will increase capacity.

The projects bidding process was completed in the spring of 2020 and the construction contract was awarded in July of 2020. Commencement of construction activities are anticipated in mid-September 2020. The Town received \$600,000 in State Legislative funding towards Phases 1 and II which were completed in FY2016 and FY2017, respectively. The underground infrastructure installed during Phase I and Phase II is the main system which West Lakes Drainage Improvements Phase III new structures and inlets will intersect, completing this drainage system. In FY2018, the Town received \$1,462,499.95 in grant funding from the U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) through the State of Florida, and \$500,000 in State Legislative funds for West Lake Drainage Improvement Phase III. This total funding of \$2,274,215 will complete the project in FY2021.

• NW 59th Avenue Extension

Total Estimated Project Cost is \$9 million; FY2020-21 Budget is \$5,426,052.

The project includes obtaining The right to a 0.86-acre parcel from Miami-Dade Aviation Department and land acquisition of private property to design and construct a bridge and roadway improvement, extending from NW 59th Avenue over the C-8 Canal south to NW 151st Street, thereby providing public access that will facilitate increased economic opportunities, commerce and local jobs.

In FY2018 the Town was awarded a \$3.6 million competitive grant from FDOT for the construction of the NW 59th Avenue project. Additionally, the Town is securing Road Impact Fees from the County for \$1.5 million.

The FY2021 budget includes a budget transfer \$625,000 from PTP 80%, and funding of \$128,838 from Gas Tax.

• Safe Routes to School Bob Graham Education Center

Total Estimated Project Cost is \$265,000; FY2020-21 Budget is \$56,267.

The Town was initially awarded a grant from FDOT through the Local Agency Program in FY2019 in the amount of \$241,143 for the widening of the eastside school campus frontage sidewalk, new pedestrian ramps and crosswalk improvements along NW 79th Avenue from NW 167th Terrace to NW 155th Street and NW 82nd Avenue at 162nd Street. This budget includes the design phase of this project and is to commence in FY2021. The construction portion is expected to commence in FY2023.

Miglo Walking & Biking Project

Total estimated project cost - \$25,000; FY2020-21 Budget - \$24,250.

In FY2020 the Town was awarded a \$25,000 grant through the 2019 Public Space Challenge at the Miami Foundation. The purpose of the grant is to create solar powered

glow in the dark walking and biking trail to improve lighting and safety for residents, pedestrians and cyclists who will utilize this trial at night.

Stormwater Utility Fund and Facilities Maintenance Fund

Town of Miami Lakes FY 2020-21 Proposed Budget

Stormwater Utility Fund Detail

Stormwater Utility

Enterprise Funds are used to finance and account for the acquisition, operation, and maintenance of facilities and services that are intended to be entirely or predominantly self-

supporting through the collection of charges from external customers. The Stormwater Utility Fund is an enterprise fund that was established to account for the operation, maintenance and capital improvement costs of a storm water collection system providing services to all residents of the Town and all commercial properties.

The Stormwater rate is \$4.50 per Equivalent Residential Unit (ERU) and has remained unchanged since the creation of the Utility. The Stormwater Rate study was conducted to address the fiscal and drainage needs within our community in FY2020, and a new rate proposal will come before Council sometime in FY2021. The Town anticipates receiving \$1,114,699 in Stormwater utility fees for FY 2020-21. Funds are appropriated and transferred to the Capital Projects Fund (\$122,000) towards funding West Lakes Drainage Improvement project. Revenues also include \$5,000 in interest earnings and \$111 in carryforward fund balance, for a total budget of \$1,119,810.

The FY 2020-21 Budget includes all costs for operating the utility: street sweeping, drainage cleaning provided by in-house support and the Town's own vacuum truck, chemical treatment and maintenance of canals, inspection services, as well as drainage repairs and improvements per the Stormwater Master Plan. In addition, the Fund pays the proportionate share of annual debt service to Miami Dade County on Stormwater Utility Revenue Bond, Series 2013 (\$71,051) for drainage projects, and a FEMA-funded canal dredging project at NW 57th Avenue (\$15,734). Debt service will terminate in 2024 and 2026, respectively. Funds are also appropriated for a transfer to the Capital Projects Fund (\$122,000) for West Lakes roadway and drainage improvement project. The Fund has a reserve of \$16,693.

In FY17 we completed an internal audit on residential properties which added 1,986 unbilled residential dwellings. In FY18 an internal audit on commercial properties resulted in the addition of 418.80 ERUs.

The Town was awarded a rating of 6 in 2017 from the Insurance Services Organization (ISO) for the Community Rating System (CRS). This rating affords Town resident and businesses a discount on their flood insurance premium due to the Town's flood

Town of Miami Lakes FY 2020-21 Proposed Budget

mitigation efforts. This represents about \$600,000 in savings of flood insurance payments made by our residents and businesses. In addition, the mitigation efforts spearheaded by the Building and Public Works Departments reduce flood events throughout town. The Town continues to work towards achieving a lower (better) rating over the next few years.

Performance Measures

A key activity of the Stormwater Utility Fund is the cleaning of catch basins and manholes. Catch basins and manhole cleaning mainly takes place during the 'dry season' from November to April.

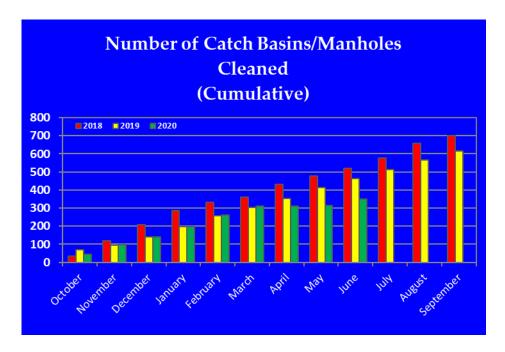

Fig.1: Cumulative number of catch basins/manholes cleaned in FY2020 as of the 3rd quarter was 2,027, averaging approximately 225 manholes per month.

Town of Miami Lakes FY 2020-21 Adopted Budget

Facilities Maintenance Fund Detail

Facilities Maintenance Fund

Internal Service Funds are used to account for operations that provide services to other departments on a cost-reimbursement

basis. The Facilities Maintenance Fund captures all costs associated with the operations, maintenance, and repairs of the Town's Government Center. The cost of centralized services is allocated proportionally, by the square footage between the General Fund (Administration 60% and Police Department 27%) and the Building Department Fund (13%). This includes salary and benefits for one full time position, utilities, custodial and contractual maintenance services. The FY 2020-21 Budget is \$377,088.
